

Homicides in Chicago: a list of every victim

Graphics by Jesse Howe and Andy Boyle

Updated: June 1st, 2021 8:21 am

This database lists names of every victim who was killed by another person within city limits. It is to be a comprehensive page compiled from information provided by disparate law enforcement and regional agencies that have a role with respect to Chicago homicides, including gun violence. The page will be updated daily, initially with information from the Cook County Medical Examiner's Office and updated with additional reporting by the Chicago Sun-Times.

You can help fund this journalism by **subscribing** to the Chicago Sun-Times today.

204 black victims were killed in Chicago in 2021.
