Michigan Pro-diversity Democrats: Muslims Stole Elections in Hamtramck

Top Democrats in Hamtramck, Michigan, must regret the mass immigration that has allowed Muslims to take over the city and seize control of its mayoralty and city council by election fraud.

The leftists told Project Veritas that Muslims are boldly stealing elections not only by ballot harvesting but also by outright voter intimidation.

Apparently, those “progressives” expected Third World immigrants and their children to play by the rules, because the wonders of diversity would naturally end in a multicultural Utopia in which everyone respects the law.

Alas and alack, it didn't work out that way.

Dining Room Ballot Bonanza

After a five-month probe in the city, PV “uncover[ed] shocking descriptions of voter fraud within the Muslim communities, which includes threats of intimidation, bribery, and secret ‘midnight meetings’ where blank absentee ballots are auctioned to the highest bidder, who is often the elected official,” the [website reported](#).

It began the probe after the all-Muslim council [banned the homosexual “pride” banner](#) from city property. “Dozens” of hard-left Democrats spoke to the website to complain that Muslims “are using illegal ballot harvesting operations to secure permanent power.”

Apparently, those Democrats are more loyal to the Lavender Lobby than to the Muslim mini-caliphate the city council and mayor have established.

Continued PV:

Hamtramck's Democrat officials admitted to Project Veritas that ethnic minorities have been using absentee ballot fraud to win city elections for over twenty years. But it was the election of Conservative Yemeni Muslims to the mayorship and council in 2021 which put an end to 100 years of continuous Polish political power. Locals expressed to our journalists that life under Muslim leadership isn't the Democrat unity that many had hoped. The growing influx of Arab immigrants means that burqas, animal sacrifice, and the Muslim call to prayer blasting through city loudspeakers five times a day is now common.

politicians appear to perfect the use of voter fraud.

Former Mayor [Karen Majewski told](#) PV's reporter that she is "absolutely positive" that Muslims used ballot harvesting [to put her out of office](#) in 2021 after 34 years of service as city council president and 16 in the mayor's seat.

"This is another thing that you can't say out loud," she said. "The absentee ballots are being filled out in people's dining rooms by the candidates."

Then again, Majewski said, top Democrats are terrified that Muslims would accuse them of racism if they exposed the Yemeni-Bangladeshi election-fraud conspiracy. "So, who's going to say 'brown-skinned people are ... doing election fraud?'" she asked.

Answer: Nobody.

August Gitshlag, former city clerk, explained that Muslims go door-to-door to bully and threaten voters. "They go around the neighborhood with the AB (absentee ballot) applications, and they have people sign the application," [he said](#):

They bully them and they give them their ballots. [They] say, "if you don't vote for me your cousin has nowhere to live next year when he comes in." It's ethnic communities ... whoever gets here can run the show.

Another top Democrat, an "asexual queer" called Lynn Blasey, told the website that two councilmen, Mohammed Hassan and Abu Musa, won their elections with ballot harvesting.

"They hire black people to go to black houses. They hire Bangladeshi people to go to Bangladeshi houses," she told the reporter. "They pay them for their ballots."

Blasey also disclosed secret ballot auctions, the [website reported](#):

The people who have participated in that late night auction before and have been in the room when it's happening have told me about it. They get together late at night. They jokingly call it "the midnight meeting."

Confession, Sting Operation

Amusingly, Musa the Muslim councilman readily fingered Hasan the Muslim councilman:

Journalist: *Is it true that he [Hassan] paid for 300 ballots?*

Musa: *He, [Councilman Mohammed Hassan] said so. I don't have any proof. He [Hassan] told, "Yeah, I did those things." If somebody properly, or improperly handled the ballot, he's the one.*

Incredibly, PV even used a sting operation to prove the fraud. A PV reporter contacted the two "with an opportunity to acquire what they believed to be ballots gathered for their benefit."

Not so shockingly, the two accepted, and "Hassan explained how they could get those fraudulent ballots counted: by dropping them into a ballot drop box," the [website continued](#).

Hassan: *This is a trap. We have to see the name, is it Muslim, or not? If it is not signed ... give me the address. I'll go there. If everything's good, we can drop [the ballots] to the City Hall. City Hall [sic]*

parking lot has that [ballot] box. We can drop it there.

Musa: *You touched my heart, brother. Thank you very much. Listen, I'll come up. I'll meet you. How about this evening?*

The two men “agreed to meet our journalist to retrieve the imaginary illegal ballots.”

A Once Polish City

German farmers founded Hamtramck, but the opening of the Dodge plant in 1914 attracted Polish laborers, the [city website says](#).

By the 1970s, the city [was 90 percent Polish](#). Today, less than 15 percent of the residents are Polish.

Now, thanks to U.S. immigration policy, the Poles were driven out. Muslims control the city, and 42 percent of its population is foreign born.
