Why the Globalist Cabal Is Obsessed With Child Sacrifice

Evil cannot make, it can only mock. It cannot create, it can only destroy.

The above is one of the most important laws to understanding the relationship between good and evil, and it provides a crucial insight into the mind and workings of the globalist cabal.

As I wrote previously, the fight for America and the West is not a mere political contest. The decline of our civilization cannot rightfully be attributed to mistakes by ignorant politicians — it is a coordinated plot by evil men, and this is a spiritual war in which we're engaged.

Luis Miguel

Only when you accept that this is a spiritual conflict and that those we oppose are evil in the truest sense of the word will you understand why their actions are so overtly diabolical. It's because they literally are servants of the devil. As the devil's servants, and as enemies of God, the globalist oligarchs seek to destroy the works of God.

And among their biggest targets is children.

Not only do they want to corrupt, sexualize, and mutilate children via transgender procedures, but they center their agenda around the ritualized slaughter of children.

Just look at the abortion issue. There are few things the Left supports as fervently and unconditionally as abortion, which any sane person recognizes as infanticide. Their ridiculous claims to not believe in the personhood of preborn children are further nullified by the fact that they openly advocate for partial birth abortion and other practices that would allow them to literally murder babies *after* they've already been born.

Abortion/infanticide, together with transgender child genital mutilation, sexual grooming, and other degenerate practices, are merely different forms of ritualistically sacrificing, or offering, children to their god — which ultimately is Lucifer, even if the satanic globalists sometimes go through intermediary entities such as Moloch and Astaroth.

Again, all of this slaughter, torture, and corruption of children is really an occult offering so that the globalists can receive power from their god.

In some of their gatherings, they are much more overt as to the ritualistic, occult aspect of their targeting of children.

At the annual [Bohemian Grove](#) gathering of globalist elites in California, for example, the world's rich and powerful dress in ceremonial garb, chant around a bonfire, and burn a child in effigy in the presence of a large idol.

Insiders also regularly collect art of children being sexualized, tortured, or killed. In January, actress Jamie Lee Curtis came under fire when she posted (and later deleted) a picture to Instagram from

inside her home. In the photo, a painting could be seen on her wall of a naked child stuffed in a box.

Child sacrifice has been a major component of luciferianism from time immemorial. In the Bible, we learn that the followers of the false god Moloch sacrificed their children to the idol. And the Phoenician goddess Astaroth demanded the sacrifice of children.

Why does child sacrifice play such a pivotal role in the agenda of Satan and his followers?

There are several answers. First, as noted earlier, Satan cannot make or create, only mock and destroy.

God creates life. And one of the most marvelous gifts God has given to mankind is the ability of a man and a woman to procreate, thereby being participants with God in creating life.

Satan, therefore, seeks to destroy life. And he relishes in destroying life at its most innocent stage. Children are innocent and uncorrupted. Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these."

So what does the devil do? He seeks both to corrupt children and then to eliminate their lives.

Also, remember that Satan seeks to make a mockery of the works of God. And the great work of God is the sacrifice of his son, Jesus Christ, to save mankind from sin and the grave.

By sacrificing children, the devil and his followers are imitating the sacrifice of the Son of God in a twisted, perverse mockery.

Moreover, the enemies of Christ believe that ritualized child sacrifice gives them occult power. The power of the occult lies in the power of the mind; it's not the rituals and the sacrifices themselves that give occultists, witches, sorcerers, and other magic practitioners their power, but the force of their belief.

Ritual and ceremony are tools that expand faith, belief, and conviction. This is why they are used in Christendom; religious rites, music, acts of sacrifice, fasting, church worship — all of these things inspire awe, focus the mind, and help one to inwardly magnify his faith in God.

Satan's followers use ritual in a similar way, and the more extreme the ritual, the greater the effect it has on their mind, and the greater power they believe it gives them. This is why some participate in blood magic — self-mutilation and the shedding of blood has a profound effect upon the magic practitioner's subconscious. Child sacrifice has an even more potent effect.

With all this in mind, there is no denying that the enemies of freedom are driven by pure evil. There is no room for compromise or tolerance. They must be defeated totally and completely.
