Democratic Censorship

Democrats are in full panic mode about the next election, aggressively trying to hide their catastrophic failures. They cannot support their positions or actions with honest arguments or by letting people see the results of their governance. They must rely on censorship to hide their massive disasters and scandals. Truth is called “misinformation” or “disinformation” to justify that censorship.

Mass media censor by boldly lying and fraudulently editing, and by ignoring, burying, or minimizing coverage of events exposing the consequences of socialist ideology. For instance, they portrayed Antifa’s and BLM’s violent riots, arson, murders, and autonomous zones as “mostly peaceful protests,” while the January 6 protest was portrayed as sedition and a violent coup attempt. Coverage of horrendous abuse of political prisoners in filthy jail conditions is absent. More subtly, January 6 coverage is used to fill allotted space and time, displacing coverage of important topics they want hidden, such as election fraud, illegal immigration, and Afghanistan.

Social media censor by shadow banning, suspending, and banning people whose speech counters Democratic ideology. The administration flags factual information that social media is to hide. Phony “fact checkers” use spin, misdirection, unsupported accusation, smears, and outright lies to convince casual readers that truth is false. In violation of the Constitution, Biden publicly told social media to stop the flow of truth: “It has to stop!”

A severe form of censorship is “canceling” political opponents. Important contracts are not renewed or are canceled outright. Business relationships are severed to block supplies and markets. Advertisements are not accepted. Political opponents are demonetized, cutting their access to critical revenue streams. Debanking is used by banks to end important relationships with customers. Deplatforming is used to block communication with opponents’ associates and followers. For instance, two days after Biden demanded censorship be increased, DirecTV announced it wouldn’t renew One America News’ contract.

Censorship is a key fascist tactic to attack and silence opposition. It is used to hurt businesses and people who don’t share fascist ideology, while benefiting friends who do. The Democratic Party has gone full fascist. We need to call them out for the fascists they are!

A Challenge for Republicans

People constantly ask me, what is the Republican Party doing? Sadly, outside of supporting candidates, I have no response, and this troubles me.

I hereby issue a challenge to the Republican Executive Committees in the 67 counties of Florida: Whatever it is you’re doing, take the time to assure Floridians have clean voter registration lists. Work with the supervisor of elections and assure this effort is a priority. Get rid of all those dead people, people who have moved, and people who cannot be verified as voting Floridians. If you don’t do this, all other efforts are in vain.

Floridians need to know that each vote cast is valid and that our elections are a model for the country. We rely on the Republican Party to be unified in this effort, and we don't want to hear that our elections are safe and accurate unless they actually are. Personally, I have come across very disturbing information indicating elections are not safe, to the extent that it's not a matter of debate.

We have serious problems in our election process; I challenge any official to come forward to prove me wrong. Cleaning these lists should offend no one. It doesn't matter what party you support — this is an effort to assure fairness in our elections for all Floridians.

This responsibility falls upon the Republican Party, and upon each and every Floridian to contact his local party office and assure this is a priority. We need to get this done, and we need it done *now*. Although this message is to Floridians, every county in every state in America should be doing this, and it is *your* responsibility as an American to assure this happens.

So, don't ask me what we *can* do, this is what we *need* to do. Be an active American, and show that patriots are standing up and demanding that this problem be resolved once and for all.
