QuickQuotes

Arrests at the U.S. Southern Border Top Two Million During Fiscal Year 2022

Chris Magnus (AP Images)

“Failing Communist-led regimes in Venezuela, Nicaragua and Cuba are driving a new wave of migration across the Western Hemisphere.”

Chris Magnus, the commissioner of U.S. Customs and Border Protection, pointed to the three communist-led countries as a significant current source of illegal border crossers.

Federal Debt Continues to Soar as It Passes \$31 Trillion Mark

“Basically, Washington has engaged in a long-term debt spree and been fortunate to be bailed out by low interest rates up to this point. But the Treasury never locked in those low rates long term, and now rising rates may collide with that escalating debt with horribly expensive results.”

Serving as the senior fellow at the Manhattan Institute, **Brian Riedl** closed his comment with the claim that adding new debt because interest rates rise would be pouring fuel on a fiscal fire.

Mrs. Clarence Thomas Forcefully Denies Ever Seeking to Influence Her Husband

“I can guarantee that my husband has never spoken with me about pending cases at the Court. It is an iron-clad rule in our home even while America is in a vicious battle for its founding principles. It is laughable for anyone who knows my husband to think I could influence his jurisprudence. The man is independent and stubborn, with strong character traits of independence and integrity.”

Called for questioning by the January 6 Committee, **Ginni Thomas** calmly and capably defended her husband and herself of any wrongdoing.

Biden Insists Hurricane Ian's Destruction Was a Consequence of Climate Change

Joe Biden (Gage Skidmore)

"I think the one thing this has finally ended is the discussion about whether or not there is climate change and we should do something about it."

*After seeing firsthand the horrific damage caused by Hurricane Ian in southern Florida, President **Joe Biden** repeated the unsubstantiated claim that the storm was a result of human-caused climate change.*

New York City Declares a State of Emergency After Tens of Thousands Arrive From Mexican Border

"New Yorkers are angry. I am angry too. We have not asked for this."

*New York City Mayor **Eric Adams**, a liberal supporter of President Joe Biden and his policies, cannot legitimately claim that he and the city's residents didn't ask for the arrival of many busloads of immigrants. Texas leaders, who are swamped with unwanted border crossers, put many on a one-way bus trip to New York City, a proud sanctuary city. Adams and most of New York City's dwellers overwhelmingly supported Biden's campaign for the presidency.*

Group Favoring Small Business Sues to Block Biden Student-loan Plan

"Behind closed doors, the Education Department promulgated a new Debt Forgiveness program that will affect tens of millions of Americans and cost hundreds of billions of dollars."

*Job Creators Network Foundation President **Elaine Parker**, who filed the suit, insisted that the federal forgiveness program was "hammered out in secret and with an eye toward securing debt forgiveness in time for the November 2022 election."*

Former Member of Congress From Hawaii Quits Democratic Party

Tulsi Gabbard (Gage Skidmore)

“I can no longer remain in today’s Democratic Party that is now under the complete control of an elitist cabal of warmongers driven by cowardly wokeness who divide us by racializing every issue and stoking anti-white racism.”

Tulsi Gabbard voluntarily left Congress to run for the Democratic Party’s presidential nomination in 2020. She failed in that endeavor, and now has denounced the party. She has not indicated joining any other political party.
