Ron DeSantis (AP Images)

“Your state is hemorrhaging population. The American people as a whole in some ways have voted about your experiment, and many voted with their feet. If you look over the last four years, we’ve witnessed a great American exodus from states governed by leftist politicians imposing leftist ideology and delivering poor results.”

*In his speech at the Ronald Reagan Presidential Library in Simi Valley, Florida Governor **Ron DeSantis** also acknowledged California Governor Gavin Newsom’s personal effort to discount Florida’s growing popularity by telling Californians that “your governor is very concerned about what we are doing in Florida, so I figured I had to come by” and respond.*

Student-loan Defaulter: If Corporations Get Bailed Out, Others Should Too

“We’ve sat here and watched as corporations get debt cancelled year after year. It happens every time we have any sort of economic turndown. I really believe it’s time for the people to be able to access that type of benefit as well.”

***Kristin McGuire**, the executive director of Young Invincibles, is one of many who have defaulted on their obligations to pay the government back for what they borrowed. A similar problem exists in nearby portions of Syria, where 6,000 people were killed when the quake and its aftershocks rocked that area. Lawyer **Mervat Nasri**, who is from Syria, is one of many who have no knowledge of what happened to their relatives and others whose remains have not been found.*

Biden’s Budget Targeted by GOP Lawmakers Who Want Reductions in Spending

“It’s a scam. It’s a reckless proposal. I think what it does is to reinforce the fact that we need to demand spending cuts because [Biden] is not going to make them.”
