Senator Acts to Cancel Taxpayer Funding of Abortions for Military Personnel

Former Federal Official Offers Assessment of Anti-Trump Campaign

“South American leaders have responded by pointing out that the arrest of a former president means that the U.S. is now in the same category as Banana Republics where each successor president arrests his predecessor. “Gun control isn’t realistic in a country with more guns than people. Even if stringent gun control were somehow enacted, it would function roughly the same way stringent drug laws work: People who wanted to obtain guns illegally could easily get them. I think we ought to repeal the Second Amendment, or at least reinterpret it to mean that anyone who wants a gun must belong to a ‘well-regulated militia.’”
