Quick Quotes

"Remember to vote for President Biden when you are in the United States. We need another four years of his term to stay open. All for Biden."

These lines are translated from a disturbing flyer discovered by Muckraker.com, copies of which are being distributed along the U.S.-Mexico border. Produced by the **Resource Center Matamoros (RCM)**, it explains that the group helps illegal aliens enter the United States. RCM and its parent organization, Asylum Seeker Network of Support, have financial ties to George Soros' Open Society Foundations.

Marjorie Taylor Greene (AP Images)

"Secretary Mayorkas worked with dark money NGOs to finance the illegal alien invasion of America. This is an act of treason. The House already impeached Mayorkas, but [New York Democratic Senator] Chuck Schumer must hold the trial to REMOVE him from office. Mayorkas should not serve in our government."

Representative **Marjorie Taylor Greene** (R-Ga.) posted this message on X moments before she delivered articles of impeachment against Homeland Security Secretary Alejandro Mayorkas to the U.S. Senate on April 16. The next day, the Senate rejected the articles without holding a trial.

"To my liberal friends out there, all you're doing is showing that you're scared you can't beat [Trump] on the issues and the merits. That's why he keeps saying 'It's a political campaign against me.' That's why he keeps saying, 'They can't beat me at the polls. This is the only way they can do it.'... Tens of millions of people see what extent the other side is willing to go through just to keep him out of office. And they're going to say, 'Hey, you trumped this up against him again.' And we'll have no peace. When all you gotta do is figure out a way to beat him on the issues. But you haven't been able to do it."

ESPN's **Stephen A. Smith** fired off on his YouTube show about former president Donald Trump's New York "hush money" criminal trial.

Neil Gorsuch (AP Images)

"Would pulling a fire alarm before a vote qualify for 20 years in federal prison?"

U.S. Supreme Court Justice **Neil Gorsuch** drew comparisons between harsh sentences issued for J6ers and New York Democratic Representative Jamaal Bowman, who got a slap on the wrist for delaying a House vote last year by pulling a fire alarm. During oral arguments in April to determine if unduly harsh sentences were imposed on J6ers, Gorsuch also asked about "mostly peaceful" BLM protests and sit-ins at Justice Brett Kavanaugh's confirmation hearings.

"During my formative years in college, I was heavily influenced by the politics of the day. My deep commitment at that time to radical social change in the region led me to the eventual betrayal of my oath of loyalty to the United States during my two decades in the State Department."

A graduate of Yale, ex-U.S. Ambassador to Bolivia **Victor Manuel Rocha** made this statement in court prior to being sentenced to 15 years in prison for spying on the United States for Cuba for more than four decades. He served under former presidents Bill Clinton and George W. Bush, and was an advisor to the U.S. military command responsible for Cuba. Rocha is 73 years old.
