Pelosi Again Advises Lawmakers to Vote Now, Find Out Later

“Let’s see how it works and let’s improve it.”

Having previously urged passage of ObamaCare “so you can find out what’s in it,” Nancy Pelosi now wants Americans to elect Hillary Clinton, who favors passage of a “single payer” plan so everyone can then discover how it will work.

Former CIA Director Trashes FBI Response to Hillary’s Mere “Carelessness”

“To anyone who has actually had to protect the nation’s secrets, Hillary Clinton’s email setup as secretary of state was inconceivable and her later explanations of it were incomprehensible. The judgment by FBI director James Comey that her handling of the emails was ‘extremely careless’ was, to the intelligence tribe, a huge understatement.”

In his op-ed piece appearing in the New York Times, Michael Hayden expressed amazement about what she did and how atrociously her serious misdeeds were handled.

An associate fellow at the International Centre for Counter-terrorism based at The Hague, J.M. Berger is also the author of ISIS: The State of Terror. He and his colleagues believe the number of foreign fighters within ISIS has shrunk to 20,000 from a high of 30,000.

Hillary Clinton Bashes Bernie Sanders’ Supporters

“They are living in their parents’ basements. They feel that they got their education and the jobs available to them are not at all what they envisioned for themselves.”

The above remarks from Hillary Clinton were caught on tape. They ruffled Bernie Sanders and angered some of his young supporters who felt she considered them homebound freeloaders who can’t find a job.
