## What They Said

*"Trump lost recount after recount after recount in state after state. But in desperation and weakness, Trump and his MAGA followers went after election officials who ensured your power as a citizen would be heard. These public servants had their lives forever upended by attacks and death threats for simply doing their jobs."* — President **Joe Biden** put his spin on January 6 during his first campaign remarks of 2024.

*"I will be attending the Federal Appeals Court Arguments on Presidential Immunity in Washington, D.C., on Tuesday. Of course I was entitled, as President of the United States and Commander in Chief, to Immunity. I wasn't campaigning, the Election was long over. I was looking for voter fraud, and finding it, which is my obligation to do, and otherwise running our Country. If I don't get Immunity, then Crooked Joe Biden doesn't get Immunity, and with the Border Invasion and Afghanistan Surrender, alone, not to mention the Millions of dollars that went into his 'pockets' with money from foreign countries, Joe would be ripe for Indictment. By weaponizing the DOJ against his Political Opponent, ME, Joe has opened a giant Pandora's Box."* — **Donald Trump** posted the above on Truth Social on January 7.

*"Continuing increases in federal debt and Federal Reserve created inflation will lead to economic crisis caused by a rejection of the dollar's world reserve currency status. There is already resentment over the US government's use of the dollar's reserve status to support US sanctions. This is why Russia and Iran recently signed a deal to trade in their own currencies rather than in dollars and Russia is no longer accepting dollars for its oil."* — Former Representative **Ron Paul** (R-Texas) on January 8 predicted the economic reality for the year ahead.

*"Let me identify one fundamental problem here, and that is the fact that we have one governor in the State of Texas who is refusing to cooperate with other governors and other local officials and coordinate efforts to address a challenge that our country — which this country should stand united to address — that our country is facing. And it's a remarkable failure of governance to refuse to cooperate with one's fellow local and state officials."* — Homeland Security Secretary **Alejandro Mayorkas** is currently facing impeachment proceedings in the U.S. House for his management of the illegal immigration crisis, but on MSNBC's Morning Joe he called out Texas Republican Governor Greg Abbott for his migrant busing policy.

*"JUST IN: @Nikki Haley just called the cops on me and had me escorted out of her town hall in Iowa. I was literally just standing and her staff let me inside the event after they sent me confirmation of my tickets. How does Nikki Haley plan on dealing with Putin and Xi if she can't even handle Laura Loomer? Way to enforce the concept of weaponized government on the 3 year anniversary of January 6, Nikki!"* — Investigative journalist, Trump supporter, and former Project Veritas operative **Laura Loomer** called out Republican presidential candidate Nikki Haley.

*"We have used our prosecutorial discretion to primarily focus on those who entered the building or those who engaged in violent or corrupt conduct on Capitol grounds. But if a person knowingly entered the restricted area, without authorization, they had already committed a federal crime. Make no mistake, thousands of people occupied the area that they were not authorized to be present in in the first place."* — U.S. Attorney **Matthew Graves**, on the eve of the anniversary of January 6 this year, announced his intent to begin prosecuting people who never entered the Capitol.
