Biden Says He Didn't Know He Was Creepy. Will #MeToo Accusation End His Campaign?

They don't call him Creepy Joe for nothing.

Joe Biden feels, grabs, touches, kisses, and smells the hair of any female of the species he wants, adult or child, and gets away with it. Viral video is all over the Internet. At least until this past Friday.

A prominent hard-left Democrat from Nevada says Creepy Joe planted one on her a few years ago when she wasn't expecting it. And didn't want it.

So now Creepy Joe stands accused of his own #MeToo moment, which might just derail his bid for the White House.

Biden claims he was clueless about his creepiness, but his enemies, not least communist apologist Bernie Sanders, obviously hope the accusation ends Biden's campaign before it begins at the end of April, when [he plans](#) to announce.

The Charge

The accusation comes from Lucy Flores, the Democratic nominee for lieutenant governor in Nevada in 2014. [Writing at The Cut](#), she explained that Biden ambushed her at a campaign event.

Flores explained that life is tough for a woman candidate, and when she finally landed at the event, "We were ushered to the side of the stage where we were lined up by order of introduction. As I was taking deep breaths and preparing myself to make my case to the crowd, I felt two hands on my shoulders. I froze."

It was Creepy Joe.

"Why is the vice-president of the United States touching me?" she asked herself.

Then he dropped the patented Biden Love Bomb:

I felt him get closer to me from behind. He leaned further in and inhaled my hair. I was mortified. I thought to myself, "I didn't wash my hair today and the vice-president of the United States is smelling it.... Why is the vice-president of the United States smelling my hair?" He proceeded to plant a big slow kiss on the back of my head. My brain couldn't process what was happening. I was embarrassed. I was shocked. I was confused.... I couldn't move and I couldn't say anything. I wanted nothing more than to get Biden away from me. My name was called and I was never happier to get on stage in front of an audience.

Barack Hussein Obama's No. 2 "had just touched me in an intimate way reserved for close friends, family, or romantic partners — and I felt powerless to do anything about it."

Then she saw what everyone saw: the [many photos and videos](#) of Creepy Joe "getting uncomfortably close with women and young girls. Biden nuzzling the neck of the Defense secretary's wife; Biden

kissing a senator's wife on the lips; Biden whispering in women's ears; Biden snuggling female constituents.... I knew I couldn't say anything publicly about what those pictures surfaced for me; my anger and my resentment grew."

And so the livid Latina finally served Biden a bowl of five-alarm chili just weeks before he was to formally enter the 2020 presidential race.

Creepy Joe says he never knew he was being creepy.

"In my many years in the campaign trail and in public life," [he said](#), "I have offered countless handshakes hugs expressions of affection support and comfort. Not once — never — did I believe I acted inappropriately. If it is suggested I did so, I will listen respectfully but it was never my intention."

Biden Willing to Lie About Himself

Bernie Sanders, whose 2016 [campaign featured](#) the Bernie Bros helping the [Bernie Gals Feel The Bern](#), said he believes Flores, who supported Sanders in 2016.

"I have no reason not to believe Lucy," the [red candidate said](#) on CBS's *Face the Nation*. Sanders isn't sure, however, that "one incident alone disqualifies anybody."

Other candidates replied likewise.

Amusingly, [the New York Times reported](#), "The allegation came shortly after Mr. Biden faced criticism for saying he wished he 'could have done something' when Anita Hill accused Justice Clarence Thomas of sexual harassment."

In fact, [Biden did "do something."](#) The committee heard her tear into Thomas at length, and either interviewed or heard testimony from her witnesses. Her 11th-hour smear to derail Thomas failed because it was uncorroborated, not because Biden didn't give her a hearing.

But to run a campaign credible with crackpot feminists, Biden must buy into the false narrative the sisterhood and its media allies peddled about Hill and Thomas during the smear campaign of Associate Justice Brett Kavanaugh. They claim that Biden mistreated Hill who was speaking to truth to power, and Biden permitted a sex pervert to land on the U.S. Supreme Court.

But such is Biden's fear of the sisterhood he'll lie about himself.
