Biden Flew Haitian Rape Suspect Into Country Via Parole Program

Yet another of President Joe Biden's "migrants" has claimed yet another victim.

This time, police allege, the culprit is a Haitian whom Biden flew into the country in June under his illegal parole program for Cubans, Haitians, Nicaraguans, and Venezuelans.

This time, the crime is rape. Of a 15-year-old girl.

The Suspect

The suspect in the latest preventable attack is 26-year-old Haitian thug Cory Alvarez.

The "migrant" "pleaded not guilty to a charge of child rape during an arraignment in Massachusetts' Hingham District Court. He was ordered held without bail, to surrender his passport, and to have no contact with the girl," the [Boston Globe reported](#).

Likewise, the victim is a Haitian "migrant." She alleged that Alvarez raped her at a Comfort Inn, one of the many hotels that "migrants" have taken over since Biden invited the invasion.

The alleged assault happened when the 15-year-old visited Alvarez's room for help fixing her iPad, according to Rockland Patrol Lieutenant Thomas MacDonald.

According to a complaint filed in court, the suspect asked the girl "if she had a boyfriend, then pushed her on the bed and raped her."

The girl said she asked Alvarez "to leave me alone, but he didn't stop," according to the complaint. The girl was taken to South Shore Hospital for treatment, officials said.

Police said Alvarez's girlfriend, who stays with him at the hotel, returned Wednesday night with a friend while police were investigating the attack.

The friend told police "Alvarez was helping [redacted] with his tablet and he later sent [redacted] to get it," the complaint said. "He showed her how to use [it] and then she left. She also stated [redacted] came up after and said to Alvarez 'we will just keep this between the two of us.'"

further the fiction of a migrant crime wave.

The writer happily reported that the “local reaction has been less rabid than what we’ve seen nationally,” then veered into a misguided attack on “MAGA”:

This one awful assault is about this one awful assault: It’s not an indictment of an entire system, or, more importantly, of an entire swath of humanity.

But of course that hasn’t prevented national GOP types from seizing on the rape allegation to fuel hysteria about open borders, migrant crime waves and white people being replaced by Black and brown folks streaming over the border, “poisoning the blood of our country,” as GOP presidential nominee Donald Trump put it.

Among them, MAGA troll Marjorie Taylor Greene responded to the Rockland case by tweeting at Democrats: “How many innocent Americans have to be murdered, raped, or attacked before you are willing to take our border security seriously?”

Flown Into Country

Fox News revealed that Alvarez is one of more than 300,000 illegals Biden has flown into the country under his [illegal parole programs](#).

In this case, the program permits 30,000 illegals from Cuba, Haiti, Nicaragua, and Venezuela to colonize the country monthly. Yearly invasion total: 360,000.

“The policy was first announced for Venezuelans in October 2022, which allowed a limited number to fly directly into the U.S. as long as they had not entered illegally, had a sponsor in the U.S. already and passed certain checks,” [Fox News explained](#):

In January 2023, the administration announced that the program was expanding to include Haitians, Nicaraguans and Cubans. The program allows for migrants to receive work permits and a two-year authorization to live in the U.S.; it was announced alongside an expansion of Title 42 expulsions to include those nationalities.

Fox’s Bill Melugin wrote on X that Alvarez “came to the U.S. via the Biden admin’s parole program for Haitians, which allowed him to fly into JFK airport in NYC direct from Haiti in June 2023 w/ a 2 year parole grant,” and that he had a “sponsor” in New Jersey.

The [Globe reported](#) that he carried identification from Florida.

As [The New American reported last week](#), citing the Center for Immigration Studies, Biden flew in some 320,000 illegals last year. The administration has refused to release information about the airports where the illegals are landing.

Not counting the [Venezuelan illegal-alien gang attack](#) on cops in New York, this is at least the third violent crime — and second rape — with which a Biden “migrant” has been charged. Two of them were released at the border.

Venezuelan Biden “migrant” Jose Ibarra, 26, [charged with](#) the murder of nursing student Laken Riley, was released at the border, as were his [two criminal brothers](#). One of them is linked to the gang that attacked the cops in New York.

Angel Matias Castellanos-Orellana, a 19-year-old Honduran Biden “migrant,” [is charged](#) with the rape of a 14-year-old girl and stabbing of a 62-year-old man.

Violent street criminals aren’t the only dangerous “migrants” Biden has released.

In March last year, [his border authorities released](#) a Somali terrorist whom Immigration and Customs Enforcement (ICE) agents caught two months ago.

An [ICE official confirmed](#) that Biden is releasing unvetted “migrants,” and former FBI officials have said Biden is aiding and abetting a “soft invasion” of the United States that has likely allowed a sleeper army or terror cell to establish a beachhead.
