

National Testing & Drafting Girls Into Military, Coming Soon

In this interview with The New American's Alex Newman, author and radio/TV host Brannon Howse of Worldview Weekend exposes a nefarious agenda to force all Americans into "national service" schemes and even draft American girls into the military. The report, produced by a government commission created under the leadership of Barack Obama and John McCain, also calls for mandating national testing on all American children, including homeschoolers. Brannon gets into the history of this agenda, and the many dangers it poses to freedom, national security, family and more.
