CIA Spying, Lying & Spreading Evil | Behind the Deep State

In this episode of Behind The Deep State, host Alex Newman exposes the Deep State's intelligence community (CIA, NSA) and its many crimes, including spying on Americans, spying on Congress, and more. They have also been exposed in official documents doing mind-control experiments as part of Project MKUltra. They use their illicit funds to support things like globalism, even playing a crucial role in imposing the European Union (EU) on the once-sovereign peoples of Europe. As part of Operation Mockingbird, the CIA has even been buying key journalists and using the American media to lie to Americans and the world.
