Rash of Black-on-white Attacks Might Have Been Spurred by BLM Dogma

Cops in Baltimore, Maryland, are investigating the brutal attack on a man whom viral video shows being smashed in the head with a brick.

The perpetrator is black; the victim, white.

The sneak attack is the latest among many captured on video that show blacks attacking whites for no apparent reason other than, perhaps, racial hatred.

Victim Disappeared

The city's [Sun newspaper reported](#) that police went to the scene in downtown Baltimore [near its](#) Inner Harbor and Camden Yards baseball park at about 6:40 p.m. on Sunday. But the victim, whom the brick-wielding assailant sent face-first to the ground, was nowhere to be found.

Just more race based violence against white people that we can all pretend isn't happening

Cops did find a pool of blood, the *Sun* reported, and a witness said the two men had been arguing:

A witness, who refused to give their name or address, told police that the incident stemmed from a “loud argument” between two men, according to the report. One man began to walk away and then the other man picked up two bricks and struck him in the back of the head, the witness said, and then ran away traveling northbound by foot toward the Sharp-Leadenhall apartments, according to the incident report.

A video of the confrontation surfaced on social media and spread widely. The video matches the details given in the incident report that was filed.

It wasn't a “confrontation,” but anyway, the councilman who represents the area, Eric Costello, actually denounced the crime, something politicians have been reluctant to do, such is the power of the Black Lives Matter narrative.

“It should go without saying that the complete depravity to human life illustrated in this video is absolutely disgusting and should be investigated and prosecuted to the full extent of the law,” [Costello wrote](#) on Facebook.

The people who recorded the video laughed, and the man who uploaded it to Instagram, [Matt Walsh observed](#), wrote that “white lives don't matter.”

Other Attacks

It should go without staying, but it won't.

Last week, the [New York Post reported](#), cops arrested a homeless black man caught on video attacking whites because they're white.

Todd Lyons, 33, faces multiple felony hate-crime charges for attacking whites, and he "apparently didn't care if his victims were young or old, male or female — so long as they were white," sources told the *Post*:

He used his fists, or random found objects — including a brick and wood from a broken chair — to strike his victims, sometimes knocking them to the ground and leaving them bloody, police said.

"Get off the street, honky, you f-king honky, you don't belong here," Lyons, who is black, allegedly screamed at a 58-year-old man he punched in the face in Chelsea two weeks ago, law-enforcement sources told The Post.

Lyons was awaiting arraignment on three of the attacks Saturday night, a day after his arrest.

Sources said that the NYPD Hate Crime Task Force is investigating if he is also linked to four other incidents.

Lyons' first attack was August 9, the [Post reported](#), when he shoved a 56-year-old man to the ground. Five days later, police allege, he punched a 53-year-old woman in the face, then smashed a 64-year-old woman in the neck with a wooden stick.

He is "linked to" the attacking a woman from behind with a brick.

In Columbus, Georgia, last week, cops collared a 19-year-old black man for the random stabbing of a white store clerk at an AutoZone, local station [WRBL reported](#).

The assailant told the arresting officer that he "felt the need to find a white male to kill" because he watched videos supposedly depicting police brutality.

If such racially motivated attacks aren't becoming more frequent, they are certainly receiving more attention thanks to social media.

A stunning video that went viral last year [depicts a black thug beating](#) a white store clerk at a Macy's in Michigan. The assailant, who claimed his brother falsely told him the store manager called him a n**ger, [pleaded guilty](#). The victim asked prosecutors not to charge him with a felony.

This guy brutally assaulted a Macy's employee because of his race and then slandered him by claiming he said the n-word, which was a lie. This is a horrific hate crime and if the races were reversed it would be the only thing we talk about for days.

In October last year, [video showed](#) black thug Isaiah Thompson [shoving a white woman](#) headfirst into a subway train in New York. The [Post reported](#) that he was linked to a similar attack on a 58-year-old man.
