Leftists Continue Saying That Agent's Shooting of Woman in Car Was a Crime

Leftists are continuing to push the narrative that an Immigration and Customs Enforcement (ICE) agent's [fatal shooting](#) of a woman in Minneapolis was a crime, and that the woman did nothing wrong when she nearly killed the agent.

Far-left Democratic Representative Ilhan Omar of Minnesota pushed the fake narrative on CBS's once-respected *Face the Nation*. Minneapolis Mayor Jacob Frey offered a similar take while speaking to CNN's Jake Tapper.

Meanwhile, on Friday, the barely literate sheriff of Philadelphia, Pennsylvania, repeated her vow to arrest Immigration and Customs Enforcement agents who commit "crime" in the city.

On CNN, Rochelle Bilal reiterated what she said during a news conference: that ICE officers are "fake law enforcement" who would not be spared prosecution. Equally unhinged District Attorney Larry Krasner repeated that promise, telling ICE to get the "F" out of his city.

NEW: Minnesota politicians rushed to the cameras on Sunday to build the narrative that Renee Good was some sort of traffic enforcer who was just trying to make a 3 point turn.

Rep. Omar: "She's sitting in her car, peacefully waving cars to get by."

Mayor Frey: "She's like doing [Show more](#)

Omar and Frey

After complaining that ICE agents use unmarked cars and that the Department of Homeland Security (DHS) "has lied repeatedly" about its immigration enforcement, Omar delivered the narrative the far Left, helped by its Media Megaphone, wants everyone to hear.

Good is "sitting in her car peacefully, waving cars to get by. This agent, as you see, gets out of his car, automatically starts running towards her, trying to open her door," [Omar said](#):

She feels scared, she tries to turn the wheel away. And then you see the other officer — who can clearly see the car is moving — move towards the front of the car. Which, if they are

saying that he has 10 years on service and is trained, he should know that you shouldn't be trying to get in front of a moving car. And so it is not acceptable for [DHS Secretary] Kristi Noem and the president and the vice president to make these kind of judgments without there being a full investigation, even though we can see in the videos that have been produced so far that what they are describing is really not what is taking place. And so if they're saying that we shouldn't believe our eyes, then let the investigation take place before you characterize this mother of three as a domestic terrorist. Prove to us what documentation you have. That, one, that she was paid. Two, that she was agitating when we can hear her say she's not mad, she's not upset. She's clearly trying to wave cars to bypass her. And so it's just — this level of rhetoric is unjustifiable to the American people.

Frey, who ordered ICE to "get the f***" out of Minneapolis, was equally disingenuous in speaking with Tapper, who asked him about his remark that "this was a federal agent recklessly using power that resulted in somebody dying."

"I said this was a federal agent recklessly using power that ended up in somebody dying, because that was a federal agent recklessly using power that ended up in somebody dying," [Frey said](#):

It's exactly what happened. I mean, am I biased in this? Of course. And I'm biased because I got two eyes. Anybody can see these videos. Anybody can see that this victim is not a domestic terrorist. I mean, my goodness, she's, like, doing a three- or a four- or a five- point turn.

This looks like somebody that's trying to get out of there.

These hopeful descriptions of what occurred don't comport [with the video](#) from the agent's cellphone, which shows an ICE agent lawfully ordering Good to get out of her car four times.

You Don' t Want No "Smoke"

Just after the shooting, Bilal and Krasner falsely suggested that ICE's enforcing immigration law is a crime. The [tough-talking girl sheriff](#) warned that the City of Brotherly Love has the mailed fist of big city justice ready.

"Let note that law enforcement professionals, real ones — not the fake, made-up ICE, probably Trump's new army to attack citizens of the United States," [she said](#) last week in a strange amalgam of English words:

Did you hear what I said? No law enforcement professional wears a mask. None. None. Those that come into our communities wearing a mask to commit crime — and thank God for our district attorney, Larry Krasner, who said he's going to lock 'em up — and I'm saying now, we are not going to whisk you away for them to hide your identity, because when you do it there, you get arrested there. No whisk away for them to hide you. None of that here. None of that here.

Bilal claimed that Good "wasn't fleeing, she was getting out of the way." And cops "do not stand in front of moving vehicles."

ICE is “made-up, fake, wannabe law enforcement because what they do is against not only legal law, but the moral law,” she continued.

“If any of them wanna come in this city and commit a crime, you will not be able to hide, nobody will whisk you off,” she vowed:

You don’t want this smoke because we will bring it to you.

Ninety percent of non-urban Americans are likely unfamiliar with the meaning of “[this smoke](#).”

Krasner’s message mirrored Frey’s.

As the [Metro Philadelphia website reported](#), the crackpot DA thinks that enforcing immigration law is a crime.

“The DA said the ICE agent violated basic law enforcement protocols by standing in front of a moving vehicle and firing at an unarmed driver,” the website reported without adding what actually happened:

“If any law enforcement agent, any ICE agent, is going to come to Philly to commit crimes, then you can get the F out of here,” Krasner said at a news conference. “Because if you do that here, I will charge you with those crimes. You will be arrested. You will stand trial. You will be convicted.”

PHILADELPHIA DISTRICT ATTORNEY LARRY KRASNER WILL PROSECUTE FEDERAL OFFICERS WHO BREAK THE LAW!

“You will stand trial. You will be convicted.”

Holding power accountable isn’t extreme, but letting it go unchecked is.

Bilal on CNN

Speaking with CNN's Erin Burnett on her *Outfront* program, [Bilal repeated](#) her threat to "bring the smoke" against ICE agents. She repeated Krasner's threat that ICE agents will be arrested if they "commit a crime." And, she complained, city dwellers — illegal aliens, presumably — are blaming her because ICE agents are in the city to arrest illegals who appear for court hearings.

"Basically, I said you would not be able to hide," she said of the famous "bring-the-smoke" presser:

Nobody would whisk you away. And if he charges you, then you can be arrested. What I was saying is that when I said, if you come into this city to do a crime, we will bring the smoke to you.

People are tired of these people coming into the city masked up, basically all masked up and pulling people out and causing havoc. This was supposed to be helping cities out. This was supposed to be eliminating crime. But yet, you are committing them here. You are putting people in fear. You are breaking up families.

Bilal also warned that ICE agents will be arrested if they attempt to enforce the law.

"Now, I can't stop ICE from being outside, hanging around the courts, because public sidewalks, public building," Bilal continued in broken English:

But what I can do is, if the district attorney arrest you and charge you, then we will make sure we transport you to where you need to go.

Bilal also repeated the narrative that the ICE agent stepped into the path of Good's car.

"Arresting ICE officers?" the [ICE X feed](#) asked on X over video of Bilal's threat to bring the smoke. "Try it. See what happens."
