Soros, Mayorkas Linked to Mexican Outfit, Illegal-alien Vote Scheme

Flyers posted at an illegal-alien transport center in Mexico are encouraging illegal aliens to vote in the 2024 election.

The preferred candidate of whoever posted the flyers at the Resource Center Matamoros is not Donald Trump.

As well, the RealMuckraker X feed has exposed a web of subversive organizations dedicated to moving illegal aliens into the United States to alter its demography and tip elections.

Their nexus of money and political power: Hungarian communist billionaire George Soros and U.S. Homeland Security Secretary Alejandro Mayorkas.

Subversive Network

RealMuckraker shared the information with the Heritage Foundation’s Oversight Project, which unspooled a thread on X to show documents that prove open-borders leftists have mounted a major election-fraud operation to elect Biden. That would, of course, ensure another four years of the Third World invasion Biden invited when he took office.

These flyers were posted at Resource Center Matamoros just south of Brownsville, Texas:

Reminder to vote for President Biden when you are in the United States. We need another four years of his term to stay open.

[Heritage’s Daily Signal reported](#) that the “the pro-Biden flyers, discovered by the news site Muckraker and shared with the Oversight Project, were found throughout Resource Center Matamoros in

Tamaulipas, Mexico, including on the walls of portable toilets, a video shows. It's not clear whether RCM authorized the flyers, whether any action was taken to address their presence at the shelter for migrants, or who posted the flyers."

Whoever posted the flyers is urging illegals to commit a federal crime [that can carry](#) a five-year prison sentence.

[Federal law is clear:](#)

It shall be unlawful for any alien to vote in any election held solely or in part for the purpose of electing a candidate for the office of President, Vice President, Presidential elector, Member of the Senate, Member of the House of Representatives, Delegate from the District of Columbia, or Resident Commissioner.

Flyers regardless, the resource center isn't a lone gunman. It is "the home for HIAS, which is providing legal assistance and assistance with obtaining formal documents for job search and integration into the city of Matamoros as they wait to access the asylum process in the U.S."

Formerly the Hebrew Immigrant Aid Society, the subversive HIAS is openly, tenaciously, and illegally moving "migrants" into the United States. Bringing in and harboring illegal aliens [is a federal crime](#).

And wouldn't you know it, HIAS not only received big bucks from Soros but also claimed, at one time, the recently-impeached Mayorkas as a board member, the [Daily Signal observed](#).

As well, the resource center's founder and executive director, Gaby Zavala, is linked to myriad leftist subversives, the Oversight Project showed:

Zavala previously was an organizer for La Union del Pueblo Entero, or LUPE, a group founded by the late labor leader Cesar Chavez, who was an opponent of illegal immigration. LUPE is listed among partners of the George Soros-backed Open Society Institute.

Resource Center Matamoros also has ties to Angry Tias & Abuelas, a left-leaning organization that says it is dedicated to helping illegal aliens at the southwest border enter the United States.

Mayorkas has met with leaders of both LUPE and Angry Tias & Abuelas, according to documents obtained by Judicial Watch, a government watchdog.

The website of Resource Center Matamoras also touts close ties with the Mexican government, saying: “As a leading non-governmental organization providing trauma-informed care, RCM has established relationships with all levels of the Mexican government to advocate for health, wellness and dignity for refugees.”

Among listed services: “Providing lobbying and advocacy to Mexican and U.S. government officials on behalf of the asylum seekers in Matamoros.”

RCM is a fiscally sponsored project of the Asylum Seeker Network of Support (“ASNS”)

Elections Forever Altered

As [The New American reported](#) in its April 29 print edition, the dangers of President Joe Biden’s invasion of “migrants” with the help of these “non-governmental organizations” aren’t merely the crime wave that’s already begun and a possible terror attack by “migrants” released at the border.

Demographically, the invasion will alter the electoral landscape — forever.

That explains Biden’s and the open-borders lobby’s objective. To cement permanent Democratic power, they want to import millions of illegals before the election in November. Trump might have promised the “largest domestic deportation operation in American history,” but even if he defeats Biden, lawfare subversives such as American Civil Liberties Union and Southern Poverty Law Center will sue him to stop the deportations. Leftist judges will enjoin his orders, forcing him to appeal to the U.S. Supreme Court.

Thus, as *TNA* concluded, Democrats are less concerned about November 5, 2024 than they are about the long term. Of course, the vast majority of those “migrants” will become Democratic voters. And aside from the near-certainty that Biden operatives will see to it that millions vote in 2024, the very presence of the illegals, even if they don’t vote this year and still can’t in the future, will affect congressional elections down the road. They will dramatically change the apportionment of congressional districts because illegals, the proper term for “migrants,” are counted in the census.
