Biden's Tranny Propaganda Hits Ecuador Through State Dept. Grant

If you thought [children fondling](#) the genitals of drag queens was a laugh, the latest from Clown World is a real thigh-slapper: U.S. taxpayers are subsidizing drag queen shows in Ecuador via the State Department.

The bill: \$20K-plus.

So aside from sending billions to Ukraine under the guise of military aid [to help](#) establish gay marriage there, we now learn that Ecuadorans, too, were missing out on the wonders of sexual liberation.

Then again, the news is no surprise. The Biden administration has been one big Cabaret since the cognitively impaired president put his hand on the Bible after he received "81.3 million votes" two years ago.

Shows, Workshops, Documentaries

"The State Department awarded a \$20,600 grant on Sept. 23 to the Centro Ecuatoriano Norteamericano (CEN), a non-profit organization supported by the U.S. Embassy and Consulate in Ecuador, to 'promote diversity and inclusion' in the region," [Fox News's Jessica Chasmar reported](#).

The project at CEN, which started September 30 and runs until August 31, 2023, will include "3 workshops," "12 drag theater performances," and a "2-minute documentary," according to the State Department's grant listed on the [USASpending.gov website](#).

It's worth quoting the grant directly just to prove that Biden's diplomats are nutty as a jar of Planters:

TO PROMOTE DIVERSITY AND INCLUSION, RECIPIENT WILL HOST 3 WORKSHOPS, 12 DRAG THEATER PERFORMANCES, AND PRODUCE A 2 MINUTE DOCUMENTARY

As well, the website tells readers, promoting sexual deviance will "support the achievement of U.S. foreign policy goals and objectives, advance national interests, and enhance national security by informing and influencing foreign publics and by expanding and strengthening the relationship between the people and government of the United States and citizens of the rest of the world."

Biden's Hires

But again, the news is hardly surprising given the long list of sexual deviants that Biden has hired to run his administration.

The parade of freaks and weirdos began when [Biden hired](#) a cross-dressing Navy "man," Shawn Skelly, to oversee the Defense Department's transition team. Skelly co-founded an outfit called [Out in National](#)

[Security](#), which “advances our community’s interests by seeking outcomes and goals that positively impact the lives of today’s and tomorrow’s LGBTQIA+ national security practitioners.”

That’s the long way of telling military men to sleep with one eye open and don’t drop the soap in the shower.

Soon after he took office, [Biden appointed](#) man-lady Richard “Rachel” Levine to become the No. 2 federal health official. [Levine thinks](#) children who believe they’re the “wrong gender” should undergo chemical castration, then mutilate themselves.

Amusingly, after Levine became an “admiral” in charge of the U.S. Public Service, [USA Today named him](#) one of its “women of the year.”

[Biden has OK’d](#) cross-dressers in the foxhole, permitted the Navy to name a ship for [homosexual rapist Harvey Milk](#), allowed the Air Force [to stage](#) drag queen shows at Nellis Air Force Base, and watched the [Army order](#) military men and women to shower with “transgenders.”

The real attack on sanity continued with the appointment of a “transgender” something or other involved in “pup play” [to run](#) the Energy Department’s nuclear waste. And Sam Brinton, it turned out, had [defended underage homosexual prostitution](#), which is tantamount to defending boy rape.

In May, Biden continued with the appointment of a Haitian lesbian, Karine Jean-Pierre, [to replace](#) Jen Psaki as White House press secretary.

The Latest

Yet perhaps the sharpest poke in Middle America’s eye is Biden’s appointment of a homosexual who proudly wears Satanic symbols, Demetre Daskalakis, [to manage](#) the administration’s “monkeypox” response. [Monkeypox is](#) a homosexual contagion.

Leftists went pink with rage when the flaming homosexual was outed as representing [Baphomet](#).

But even if Daskalakis isn’t a Satanist, he is fruitier than a [Trappist Christmas cake](#).

And he likes to dress as a 19th-century sailor. If the Navy ever launches a Good Ship Lollipop and “Admiral” Levine takes command, Daskalakis can be first mate.
