The Rise of Fed Ed, Mandated Vaccines, and Climate Change

Constance McDaniel and Kristin Stockheimer discuss the latest issue from The New American, which revolves around the Department of Education. In the cover story, written by Dr. Duke Pesta of FreedomProject Academy, he digs into the history of the Federal Education system and what it has become today. Other topics of discussion involve legislation regarding mandated vaccines for children, and the documentary Climate Hustle, presented by C-FACT.

What the UN won't relinquish with us is using the 'climate change' agenda as an opportunity to grip global control – according to a few UN officials who have let the details slip.
