## Texas School Officials Caught Promoting Marxism & Terrorism

Education authorities are under fire after a school counselor in Plano, Texas, was exposed sending around propaganda to colleagues promoting Marxism, terrorism, communism, defunding the police, and hyper-racism. Local officials and leaders are now demanding an investigation. The problem, however, is national in scope.

On June 12, Plano Independent School District (ISD) Counselor Dianne Evans [sent an email](#) using her official account that would shock even the most liberal and “progressive” parents. Perhaps most alarming was the “Master List of Black Revolutionary Readings” that literally included a manual on guerrilla warfare by communist mass murderer Ernesto “Che” Guevara, who ironically was a raging anti-black racist.

Also included on the “Master List” of “Black Revolutionary Readings” was the *Communist Manifesto* by genocidal satanist Karl Marx, the “Green Book” by late mass-murdering dictator and terrorist Moamar Gadhafi of Libya, the “Basic Marxism-Leninism Study Plan,” *The State and Revolution* by mass-murdering dictator Vladimir Lenin, and more. Millions died brutal deaths as a result of those books.

On the list as well was a bizarre work called “Black Like Mao: Red China and Black Revolution.” Ignoring the fact that Mao was put in power by subversives in the West, and that the dictatorship slaughtered more innocent people than any in history, Maoist Wiki [says](#) of the book: “Colored people everywhere look to Red China as a beacon and as a defender and protector of their rights.” The Uighurs and the Tibetans, among others, might beg to differ.

The almost incoherent email by Evans to other school officials also includes documents from a webinar they apparently all attended headlined “Understanding the Black Experience in America: Be the Change You Want to See in the World.” The course was created by a fringe left-wing activist and is designed to encourage counselors and others to force feed Black Lives Matter propaganda to their clients and patients.

The webinar features instructions explaining to victims of the program that they must try “to become better allies” of far-left subversives masquerading as activists for “Black lives.” One recommended “action” to become a better ally is to donate to the “anti-white supremacy work” of Black Lives Matter, an openly Marxist group that says on its website that it seeks to dismantle the nuclear family.

The instructions also include a reading list of ridiculous Marxist and anti-American propaganda, as well as political activism to defund the police and promote “reparations.” There are weeks of programs,

readings, and propaganda recommended for participants, including the discredited “1619 Project” painting America as a slave state that has been debunked even by radical left-wing professors.

School officials confirmed that the email, which was obtained by FreedomProject from concerned local leaders, was genuine. However, they claimed the webinar and propaganda in question was not authorized or supported by the school district. The counselor in question failed to respond to multiple requests for comment from various outlets.

Local officials, though, were outraged. “As a father with two children in Plano ISD, as a member of the Plano City Council who took an oath to uphold the Constitution of the United States, and as a proud American, I’m deeply concerned about the apparent promotion of Marxist propaganda and its dangerous agenda by one of the Plano ISD staff,” Plano City Councilman Shelby Williams told Texas Scorecard.

He also called for the district to get to the bottom of this. “I urge the Plano ISD board and administration to conduct a very thorough investigation into this issue and to take appropriate action to ensure such an insidious ideology is neither promoted nor encouraged within our school system, by anyone at any time,” Williams said, echoing the concerns of the community.

Plano, Texas, is a conservative community in a conservative state, and still this outrageous and deadly Marxist propaganda has infiltrated the highest levels of its education system. Unfortunately, this is a nationwide problem that has infected government schools everywhere. If left unaddressed, America will not survive as a free nation.
