Biden Operates Illegal-alien “Conveyor Belt” to Push Colonization of American Heartland

An alarming report from the Del Rio, Texas, Border Sector shows just how determined President Joe Biden and his leftist gang are to replace the American people with Third World “migrants.”

He is busing and flying “migrants” into the American heartland as fast they cross the border in a “well-oiled” operation that runs seven days a week, Todd Bensman of the Center for Immigration Studies has reported. That really isn’t news; Biden and his Homeland Security secretary, [unindicted visa fraudster](#) Alejandro Mayorkas, [have been moving](#) illegals into the country [for some time](#).

But Bensman’s dispatch paints a frightening picture of how dangerous Biden’s Border Treason has become.

Title 42 Be Damned

Despite a judge’s order that Title 42 public-health expulsions must continue, Biden is releasing illegals by the thousands.

Bensman described a “well-oiled process” with “scenes where incoming Border Patrol buses disgorge their passengers fresh from processing stations right next to outbound Greyhound buses loading up with de facto immigrants heading to new American lives.”

And so the ruling on Title 42 is worthless, as [The New American said](#) it would be.

“A roaring, expanding conveyor belt of buses and airplanes is hauling thousands of previously expellable crossers like George into American cities, out of ear shot or sight of the American public,” Bensman continued:

[He] observed seven-days-per-week bus and plane transports into America’s interior from the Del Rio Sector and learned that these operations are not only spiking, but likely evidence of a border-wide development. The likely culprit is that, in Del Rio Sector and likely other busier Texas Border Patrol sectors, single adult aliens and families from South America, Asia, Africa, and the Middle East came in greater numbers on news that Title 42 would be ended, and then discovered the Biden administration was exempting them from the expulsion policy in any case....

Now, Biden’s DHS appears to have extended the free-pass treatment to huge numbers of so-called “extra-continentals” from outside the hemisphere, and also from South America and

the Caribbean, since Mexico recently decided not to accept American expulsions of them. The story goes that Mexico felt unable to easily or cheaply deport these immigrants to more distant, recalcitrant, troubled countries like Nicaragua, Venezuela, Cuba, Colombia, Ecuador, and Brazil, plus all the countries of Africa, Asia, and the Middle East. For example, the administration is giving free passage to significant numbers of a new nationality that has discovered the loophole, about 500 Peruvians a week, a senior Border Patrol official told CIS on background. Peru recently elected a communist government and is experiencing food riots.

Biden has even chartered bus services in Del Rio, along with flights by American Airlines, to push the colonizing hordes deep into the country where they will never be deported. And again, those invasion flights are running seven days a week.

No wonder the illegals are coming.

Bensman asked an illegal Cuban named George whether he worried that he would be deported after he settles in Florida with his sister.

“George nodded with certainty and a tight-lipped knowing smile,” [Bensman explained](#). “Yeah, forever,” George said. “Because it’s a very good country, man ... really.”

Bensman also interviewed an area refugee activist who bragged about bringing in and sending illegals to 16 states: California, Colorado, Florida, Georgia, Kansas, Kentucky, Missouri, Minnesota, Nevada, New Jersey, New York State, North Carolina, Ohio, Oregon, Utah, and Wyoming.

The group helped more than 14,000 illegals colonize American towns and cities between March and May, and 15,000 so far this year. In 2021, the group moved 22,317 into the heartland.

Yes, the Replacement Is Real

Those numbers will worsen.

As [The New American reported](#) in May, border agents dealt with a record 234,088 illegals in April, which brought the total for fiscal 2022, which began on October 1, to almost 1.3 million. Biden released half of them, which brought the total released to more than 500,000.

At that rate, agents will apprehend or encounter another 1,625,000 by September 30, the last day of the fiscal year. Anticipated total: Almost three million. If Biden releases about 40 percent, as he has been, that total will reach 1.2 million.

Biden and anyone who helps him, most notably Mayorkas, [are breaking](#) two and perhaps three laws by refusing to detain and deport illegals. The Secure Fence Act of 2006 requires Mayorkas to maintain operational control of the border. Another law requires illegals to be detained while they are processed. As well, Biden and Mayorkas are also [harboring illegals](#), a federal felony.

For his part, Mayorkas [has loudly](#) and repeatedly bragged that he will not deport illegals.
