Biden Released 117K of 234K Illegals Caught in April. Title 42 Expulsions Stop in Six Days

The Biden Rush to the border continued in April as expected, but the increase in illegals caught at the border wasn't nearly as big as the increase in illegal aliens the Biden administration released.

Border agents handled more than 234,000 illegals; Biden released more than 117,000, about half the total.

Since the beginning of the fiscal year, agents have dealt with more than 1.2 million illegals, and he's released about 40 percent per month to colonize American cities and towns.

And the deluge isn't likely to stop. Biden's plan is to stop Title 42 public-health expulsions on May 23.

U.S. Customs and Border Protection today released operational statistics for April 2022, which can be viewed on our website.

The Numbers

The exact number of border encounters for April, 234,088, grew a little more than five percent from [March's 222,144](#).

The total includes those whom border agents caught jumping the border with Mexico and those who landed at ports of entry.

As usual, most were single adults: 166,814 single adults; the rest were so-called families, multitude of whom usually turn out to be fakes, and "unaccompanied minors," another designation that invites fraudulent claims.

The frightening tsunami that border agents have handled has 1,295,900 illegals for the fiscal year beginning October 1.

The number entering the country is bad enough. The hordes waltz across the border with impunity, knowing that release awaits. As Fox News's Bill Melugin reported on Sunday, 1,200 alone hit the El Paso border sector on May 14.

But what Biden is doing with the illegal-alien horde is more frightening. He and his Homeland Security chief, [unindicted visa fraudster](#) Alejandro Mayorkas, are releasing them to set up camp across the country.

[Data included](#) in the administration's monthly filings in the [Texas v. Biden case](#) show that Biden freed 117,989 illegals to colonize and dispossess the American people.

That figure is more than half the number border agents stopped.

Thus far this fiscal year, the monthly *Texas v. Biden* reports show, Biden has released 516,805 illegals:

- April: 117,989
- March: 80,116
- February: 55,043
- January: 62,573
- December: 74,799
- November: 83,725
- October: 42,560

Number Released Approaching One Million

As [The New American](#) reported last week, Mayorkas has confirmed that he and Biden have released

Written by [R. Cort Kirkwood](#) on May 17, 2022

some 836,000 illegals since he took office in January 2021.

Adding April's figure puts the total since near one million.

To put that into perspective, that total, 953,989, is more than all but the 11 most populous cities in the United States. No. 11 is Austin, Texas, [population 961,855](#).

But aside from forcing border agents to handle more than 6,000 illegals per day since the beginning of fiscal 2022, Biden has released 1,966 illegals per day since he took an oath of office to faithfully execute the law of the United States.

That, of course, [he is not doing](#). [Mayorkas brags](#) about *not enforcing the law*.

The question is whether Republicans will impeach Biden for willfully violating his oath of office if the party retakes Capitol Hill in November's midterms elections.

Though some [have threatened](#) to impeach Biden and Mayorkas, House Republican leader Kevin McCarthy has said [he won't impeach](#) Biden over "politics." Worse still, Senate GOP leader [Mitch McConnell says](#) the best Republicans can offer is ensuring that Biden is a "moderate."

McConnell: If Republicans retake Congress, "we'll make sure Joe Biden is a moderate"

"Moderating" Biden will certainly be challenging. [Biden appointed](#) a man who thinks he is a woman as the No. 2 federal health official. He appointed another "transgender" [who participates](#) in "pup play" as a top Energy Department official. He appointed a man [who thinks](#) he's married to a man as transportation secretary. Biden's spokesman is a lesbian immigrant from Haiti.

How McConnell plans to "moderate" such an administration is unknown.

As for the border, the illegal-alien invasion shows no signs of stopping. Biden, again, [plans to stop](#) Title 42 expulsions in six days. His own officials predict that 18,000 illegals per day will crash the border.
