Border Apprehensions Up Nearly 13 percent. Agents Catch More Than 212K

The illegal-alien invasion at the southwest frontier with Mexico can be put into perspective this way: In 31 days, border agents apprehended the population of Yonkers, New York, which is larger than about 200 of the 300 or so largest cities.

More than 210,000 illegals showed up for all the goodies the Biden Regime promised when it opened the borders, [U.S. Customs and Border Protection reported](#). Almost 10,000 [were hardened criminals](#), and a significant number are infected with the China Virus. President Biden [is busing](#) and [flying them](#) into the heartland.

Once ensconced, apart from a miracle of biblical proportions, they'll never be deported.

July's massive influx of Latin America's impoverished masses brought the total for fiscal 2021 to more than 1.3 million.

The Numbers

The number for July, 212,672, jumped 12.6 percent from June's 188,934. Almost all of those caught, 199,777, were apprehended trying to jump the border. The rest showed up at ports of entry looking for a free pass into the country.

As is typical, [CBP reported](#), single adults composed the largest category of illegals:

- Single adults: 110,433
- "Family" units: 82,966
- Unaccompanied minors: 18,962
- Accompanied minors: 301

Since October 1, the beginning of fiscal 2021, border agents have apprehended roughly 1.33 million; 1.27 million tried to jump the border and sneak into the country.

Though the monthly total has increased every month since October 1, the real deluge began after Biden took the oath of office and effectively declared the borders open.

In February, apprehensions surpassed 100,000, but then increased more than 70 percent in March to more than 175,000. July's total is 22.7 percent higher than March's.

To put July's total in perspective, border agents apprehended 6,860 per day, or 285 per hour.

Since October 1, they have apprehended 6,282 every day.

Should that daily total continue through September 30, agents will apprehend another 383,202, which will put the total for the fiscal year at more than 1.7 million.

[That is more](#) than the population of Phoenix, Arizona.

And those numbers don't count the illegal got-aways, as CBP calls them. [They totaled](#) 37,000 in July.

Criminals Galore, China Virus

Along with July's relentless column of "migrants" came 861 criminals, [CBP reported](#), which put the total for that category at 8,691 for the fiscal year.

More than four dozen have been killers. Thousands of others are drunks, dope dealers, wife beaters, and sex perverts:

- Assault, battery, domestic violence: 969
- Burglary, robbery, larceny, theft, fraud: 674
- Driving under the influence: 1,389
- Homicide, manslaughter: 50
- Illegal drug possession, trafficking: 1,772
- Illegal entry, re-entry: 4,868
- Illegal weapons possession, transport, trafficking: 278
- Sexual offenses: 423
- Other: 2,262

As for illegals with the China Virus, [Breitbart reported](#), former CBP commissioner Mark Morgan says Biden has injected the heartland with as many 40,000.

"At a 15 percent positive rate, being conservative, that's more than 40,000 positive-covid cases that have been released into the United States and that is just the cases that we know about from those who have been tested," Morgan said. "And we know that everybody being released, they're not being tested. We know that. We've heard story after story."

Again, Biden is using buses and airplanes to scatter them across the country.

[Biden has dumped](#) at least 7,000 "migrants" into McAllen, Texas. Weeks ago, cops in La Joya, Texas, apprehended a gaggle of gagging, coughing, and sneezing illegals at a Whataburger.
