Border Invasion Continues. Agents Have Caught More Than 1M Since October 1

U.S. border agents have apprehended more than one million illegal aliens at the border with Mexico since October 1, the beginning of the fiscal year, and are on track to apprehend at least an additional 550,000 if the June daily rate of apprehensions continues.

The latest monthly total of apprehensions, [U.S. Customs and Border Protection reported](#), jumped 4.5 percent from last month to almost 190,000. As well, the number of criminals apprehended jumped 13.2 percent to almost 8,000 on the fiscal year.

If anything is clear about the crisis at the border, it's this: Joe Biden and his leftist subalterns are trying to alter the demographics of the country by swamping it with the poor of Latin America in the hope they will become Democrat voters.

Invasion Continues

The latest shocking figure from the southwest frontier with Mexico and ports of entry followed May's relatively small increase from April. Agents apprehended 188,829 illegals in June, up from 180,641 in May. In April, agents apprehended 178,850.

{modulepos inner_text_ad}

Monthly apprehensions zoomed almost the minute Biden took office and ordered federal immigration authorities to open the borders. In January, President Trump's last month in office, agents caught 78,442 illegals.

[wpmfpdf id="133897" embed="1" target=""]

In February, they caught 101,095, a 28.9-percent increase.

The difference from October is even more stark. Apprehensions were 72,115.

Some 63 percent of June's apprehensions were, as usual, single adults: 117,602. Another 55,805, about 30 percent, were in so-called families.

Agents caught 178,416 trying to jump the border; they stopped the rest at ports of entry.

Totals This Year

The total apprehended thus far this year is staggering: 1,119,204; 1,076,242, or 96.2 percent, jumped the border.

The size of the [Camp of the Saints](#) invasion and the task facing border agents becomes even more incomprehensible in looking at daily and hourly figures:

- For June: 6,294 per day; 262 per hour;
- Fiscal 2021 through June: 6,183 per day; 258 per hour.

Should June's rate continue through September, agents will catch another 579,048 by September 30, the last day of fiscal 2021. Total apprehensions will be almost 1.7 million.

That figure is [slightly less](#) than the population of West Virginia, and about equal to the population of Phoenix, Arizona, the [fifth-largest city](#) in the country.

If the lower rate for the nine months of the fiscal year holds, agents will apprehend another 568,836. The total for the year will be about the same. In 12 months, agents will have arrested the equivalent of every living soul in Phoenix or West Virginia.

Border authorities have no reason to believe the flow will stop.

Criminals Apprehended

Not surprisingly, agents have their hands full not just with jobless "migrants." Criminals keep coming, too.

[CPB reports](#) that agents caught 7,830 thieves, rapists, murderers, drug dealers, drunk drivers, and others who came to do the jobs Americans won't do.

- Assault, battery, domestic violence: 881
- Burglary, robbery, larceny, theft, fraud: 612
- Driving under the influence: 1,250
- Homicide, manslaughter: 46
- Illegal drug possession, trafficking: 1,593
- Illegal entry, re-entry: 4,378
- Illegal weapons possession, transport, trafficking: 246
- Sexual offenses: 393
- Other: 2,049

[wpmfpdf id="133899" embed="1" target=""]

As of May, [agents had](#) apprehended 6,918 criminal illegals. This year's total of criminal illegals is already 221-percent more than last year's 2,438.

Agents are catching about 870 per month. If that pace continues, they'll have to deal with another 2,610 criminals for a total of 10,440 on the year.

Biden has done nothing to stanch the invasion and is, frighteningly, [flying illegals](#) around the country and dumping them into unsuspecting communities. How many are criminals Biden cannot know. And even if he could, he wouldn't care.

[He decided](#) months ago not to deport dangerous criminal illegals.
