Invasion USA: Biden and the Democrats Plan to Flood America With Foreigners

Politicians who know they can just steal elections don't have to worry about ballot-box accountability. This is why it should be taken very seriously when the Democrats announce they intend to grant amnesty to the "over 11 million" illegal aliens in our country.

Oh, "over 11 million" certainly is accurate here because 22 million — which is closer to the actual figure — qualifies.

House Democrats have begun drafting an immigration reform plan which President-elect Joe Biden has signaled he will sign.

Rep. Linda Sanchez has started the process of drafting an immigration reform bill that Democrats are expected to submit as soon as Biden enters the White House, according to a *Politico* report this week.

The report added that "multiple Hispanic Caucus members" have privately said that a "large number of Democrats would be severely disappointed" if Biden doesn't push for immigration reform early in his presidency.

Chuck Rocha, former senior adviser to the Bernie Sanders campaign, told *Politico* that Democrats are in for a "world of hurt" if they don't pass immigration reform or a pathway to citizenship.

... Biden recently signaled to NBC's Lester Holt that he is ready to support such a bill and grant citizenship to the tens of millions of illegal immigrants currently in the U.S.

"I will send an immigration bill to the United States Senate with a pathway to citizenship for over 11 million undocumented people in America." [@JoeBiden](#) pledges to create a pathway to citizenship for the millions of illegal immigrants in the United States.

The *Examiner* further mentions that Biden (read: his handlers — China Joe is going senile) will reverse most or all of Trump's immigration-oriented executive orders and will institute a promised 100-day moratorium on deportations. That way, illegal-alien miscreants can have another few months to commit rapes, thefts, and murders in the United States.

Jihad Watch proprietor Robert Spencer addresses another aspect of the Democrats' immigrationist agenda, [writing](#) that

any consideration of national security issues in connection with mass migration will be dismissed as “racist” and “Islamophobic.” And what could possibly go wrong, you racist, bigoted “Islamophobe”? Let’s see. Somali Muslim migrant Mohammad Barry in February 2016 stabbed multiple patrons at a restaurant owned by an Israeli Arab Christian; Dahir Adan, another Somali Muslim migrant, in October 2016 stabbed mall shoppers in St. Cloud while screaming “Allahu akbar”; and Abdul Razak Artan, yet another Somali Muslim migrant, in November 2016 injured nine people with car and knife attacks at Ohio State University.

It isn’t Somalis, either. [All of the jihadis](#) who murdered 130 people in Paris in November 2015 had just entered Europe as refugees. In February 2015, the Islamic State boasted it would soon flood Europe with as many as [500,000 refugees](#). The Lebanese Education Minister [said](#) in September 2015 that there were 20,000 jihadis among the refugees in camps in his country.

Meanwhile, [80% of migrants](#) who have come to Europe claiming to be fleeing the war in Syria aren’t really from Syria at all. So why are they claiming to be Syrian and streaming into Europe, and now the U.S. as well?

To be frank, though, if yet another amnesty is declared — and Biden’s would be the mother of all amnesties — Muslim jihadism will be the least of our problems. Understanding the reason for this lies with grasping why Democrats push immigrationism, and it’s not because they love foreigners so much. It’s because they love power so much: 85 to 90 percent of our post-1967 immigrants have hailed from the Third World, and at least as many illegals do. And upon naturalization, 70 to 90 percent of them vote Democrat.

So what the leftists love are the newcomers’ votes — and they’re importing an electoral army that can deliver them permanent power.

One question the astute may ask is why Barack Obama and the Democrats didn’t pass amnesty when they controlled Congress and the presidency from 2009 to 2011. Why now? First, the Overton Window — policies considered politically acceptable — has shifted left since then, and fresh from having stolen an election and knowing they could replicate the theft, Democrats can go no-holds-barred.

Unaccountable politicians are dangerous politicians, and don’t expect just amnesty. Statehood for D.C. and Puerto Rico, nationwide mail-in voting, widespread “vote harvesting,” and other measures would further cement leftist power.

“Why, though,” some may ask, “would the Democrats need a ‘foreign army’ if, as you say, they can just steal elections, Duke?” Well, stealing national and some Senate elections with massive fraud in a handful of Democrat-run big cities is one thing. But note Democrats got washed away by a red wave down-ballot because most American counties are still red.

And one way you remedy that is through demographic change; you make the entire country California. It’s that devilish principle: If you can’t get the people to change the government, change the people. What did you think “fundamental change” meant, anyway?
