Police Arrest Biden “Migrant” Suspected in Murder of Maryland Woman

Police in Oklahoma have arrested the illegal alien suspected in the rape and murder of Harford County, Maryland’s, Rachel Morin.

Salvadoran Victor Martinez-Hernandez, police allege, murdered Morin on August 6. He’s yet another of the “migrants” who entered the country on President Joe Biden’s watch.

Unclear is whether border authorities caught and released Martinez-Hernandez — fugitive from a murder charge in El Salvador — when he jumped the border in February 2023.

Morin’s death on a hiking trail preceded that of Laken Riley, who was jogging on a trail when a Biden “migrant” released at the border, police allege, murdered her.

And those are just two of the crimes Biden “migrants” have committed.

DNA Link

Martinez-Hernandez, police allege, murdered Morin, a mom of five, on the [Ma & Pa Heritage Trail](#) in Bel Air, Maryland.

“Fairly early in the case, Harford investigators linked the Aug. 5, 2023, killing of Morin with a potential suspect in Los Angeles,” [The Washington Post reported](#):

That was because DNA evidence from the scene along the Ma and Pa Heritage Trail matched the DNA collected from a home burglarized earlier in Los Angeles — on March 26 — when a young girl and her mother were assaulted, officials said.

A doorbell-camera video released by officials showed a shirtless man exiting a Los Angeles home where the assault allegedly took place. And when the DNA evidence from Maryland was entered in the FBI’s Combined DNA Index System, it matched that of the burglary and assault suspect in Los Angeles, officials said.

Police in Tulsa, Oklahoma, caught the bloodthirsty invader at a bar.

“Victor Antonio Martinez Hernandez was wanted for a crime spree that started in El Salvador and then multiple cities across the United States,” [Tulsa cops said](#) on Facebook.

After he murdered a young woman in El Salvador, police said, he fled to the U.S. and “popped up in Los Angeles where he violently assaulted a 9-year-old girl and her mother during a home invasion.”

From there, he traveled to Harford County. He was “hiding adjacent to a trail ... where Rachel was

walking and attacked and killed Morin before fleeing Maryland,” Tulsa police said.

Working with the FBI, Tulsa detectives arrested Martinez-Hernandez while he was “casually sitting at [a] bar.”

County Sheriff

Harford County Sheriff Jeff Gahler [delivered a message](#) to Biden and Congress:

We are 1,800 miles away here in Harford County. We are 1,800 miles away from the southern border, and the American citizens are not safe because of failed immigration policies. This is the second time in just two years that an innocent Harford County woman has lost her life to a criminal in our country illegally. Let me repeat that — 1,800 miles from the southern border, and this is the second woman in our county to be killed by an illegal alien. In both cases, they are suspects from El Salvador with ties to criminal gangs. [This] should not be happening. Victor Hernandez did not come here to make a better life for himself or for his family. He came here to escape the crime he committed in Salvador. He came here and murdered Rachel, and God willing, no one else. But that should have never been allowed to happen.

GOP presidential candidate and former President Donald Trump weighed on the case, too.

“Another one of Crooked Joe Biden’s illegal immigrant criminals was just charged with raping and murdering another innocent American woman!” he wrote on Truth Social. “She was brutally killed by an illegal monster who was wanted for murder in El Salvador and fled to the USA because he knew Crooked Joe would let him. Now Rachel Morin’s 5 young children will grow up without their mother because Crooked Joe refuses to shut down the border.”

Again, whether border authorities earlier caught Martinez-Hernandez and released him is unclear. That is not the case, however, in the [murder of Laken Riley](#) in Georgia in February.

The suspect in that rape-murder case, Jose Ibarra, is a Venezuelan Biden “migrant.” Border agents caught him on September 8, 2022, then released him.

[Ibarra has pleaded](#) not guilty.

The Biden administration not only released Ibarra, but also gave him a work permit [after he was arrested](#) for harming a child.

Biden “migrants” have been arrested in connection with myriad crimes, including stabbings, sexual assaults, and organized crime in New York City.
