## Report: CBP Personnel Cross to Mexico to Identify Illegals to Import

The Biden administration's refusal to obey U.S. immigration law by enforcing it has been clear for some time, not least in Homeland Security Secretary Alejandro Mayorkas' [frequently stating](#) he will not deport illegal aliens.

Biden is not enforcing the Secure Fence Act, and he is refusing, as required by law, to detain illegal aliens.

But now *The New York Times* has provided proof that federal bureaucrats are bringing and harboring illegal aliens, [a federal felony](#). That means Republicans have yet another count for an impeachment resolution if they retake Congress in November's midterm elections.

The U.S. is seeing a historic spike in people crossing its southern border, with migrants evading authorities, surrendering to Border Patrol or entering the country after waiting in Mexico. In Texas, our photographer and reporter documented the scenes.

### Buried

The truth about Biden's border treason appears seven paragraphs into the newspaper's story about how illegals are jumping the border. In some instances, someone with U.S. Customs and Border Enforcement crosses into Mexico and finds them by consulting with a "shelter" director.

"In late April, the pastor who runs the shelter, Hector Silva, was asked to meet with U.S. government officials to discuss a process for sending some migrants who qualify for humanitarian exceptions to the public health rule across the pedestrian bridge linking Reynosa with the United States," the [Times reported](#):

The government allows such exceptions for migrants deemed particularly vulnerable, with decisions being made on a case-by-case basis.

Mr. Silva said Customs and Border Protection had been reaching out two or three times a day to ask for small groups of people who fall into certain categories. On May 1, for instance, Mr. Silva was asked to look for single mothers.

This also happens at other locations along the border, often the result of direct communication between local C.B.P. officials, lawyers and nonprofit groups that assist

asylum seekers, according to asylum lawyers and officials with the Department of Homeland Security. In other situations, asylum lawyers work directly with C.B.P. officials to identify migrants who meet humanitarian exceptions.

[At least 90 percent](#) of asylum claims [are bogus](#). That means the administration is knowingly pushing federal personnel to perpetrate a fraud.

### **“Patently Illegal”**

“I don’t know which branch of CBP is doing this, I suspect someone from US Citizenship and Immigration Services (USCIS), but it seems patently illegal,” a former border agent [wrote for](#) VDare.com:

This is why morale is in the dumps for both ICE and Border Patrol who are expected to enforce the law, but have been defeated by the open borders lobby. Mission Compromise — They are no longer doing the job that their agencies were set up to do. If a Republican president is ever elected again, they should seek to revamp the Department of Homeland Security or possibly break that agency back up into separate entities as they had been before.

So Biden and Mayorkas, don’t only violate the law by omission, meaning by [refusing to](#) enforce it. In this instance, they violate it by commission; i.e., by [bringing in and harboring illegals](#).

That law covers “any person who, knowing that a person is an alien, brings to or attempts to bring to the United States in any manner whatsoever such person at a place other than a designated port of entry or place other than as designated ... regardless of whether such alien has received prior official authorization to come to, enter, or reside in the United States and regardless of any future official action which may be taken with respect to such alien.”

It also covers “any person who, knowing or in reckless disregard of the fact that an alien has not received prior official authorization to come to, enter, or reside in the United States, brings to or attempts to bring to the United States in any manner whatsoever, such alien, regardless of any official action which may later be taken with respect to such alien.”

Of course, the officials who are breaking the law would say that merely finding and bringing illegals into the country *is* the only authorization the illegal needs. But that gauzy reasoning aside, the law also prohibits concealing or transporting illegals.

Biden and Mayorkas [have released](#) and [dumped nearly, if not more than, one million illegals](#) into the heartland. The programmatic subversion of the law is part [The Great Replacement](#).
