## Is Jill Biden Lady MacBeth? Ex-husband Says She “Wants to Be President”

Some may want to praise Jill Biden for standing by husband Joe after his dementia-affected debate performance last week. But in reality she’s standing on him, say critics — in a quest to maintain her prestige and power.

And one of these critics is Mrs. Biden’s ex-husband, a man who says that Jill 2.0 is “not the same person I married or that I recognize in any way.”

Many Americans fed the lie that Joe Biden was functioning well — see [this X thread](#) (in which I participated) about a *Newsweek* writer who [insisted](#) three days before the debate that Biden’s health was “perfectly fine” — had their eyes opened last Thursday evening. Biden mumbled, fumbled, and stumbled through the debate in a clear state of [sundowning](#) confusion, even though he might’ve gotten the moderators’ questions in advance, [some claim](#) (others [deny this](#)). But Jill is undeterred.

As RedState [wrote](#) the day after the debacle:

Jill Biden cemented her place in history as the worst wife in presidential history Thursday night. Her behavior following one of the most tragic scenes in presidential debate history has all the markings of elder abuse.

Perhaps it’s time to change the term from “First Lady” to “Worst Lady.”

By now, you’ve surely either watched the debate between Joe Biden and Donald Trump, or you’ve seen a plethora of clips showing in no uncertain terms that the president is barely functioning cognitively.

And you’ve also seen media personalities on the left stopping just short of setting their hair on fire with sheer panic over the fact that the leader of the free world would barely be capable of tying his own shoes at this point. ...[Jill] is shamelessly abusing this man before America’s eyes.

Others have [accused](#) the Thirst Lady (thirsty for fame and acclaim) of being a “Lady MacBeth.” But perhaps no one is more surprised than the man who was married to her for five years. As the *New York Post* [reports](#):

“The Dr. Jill Biden who I’ve seen on TV in the last five years is not the same person I married or that I recognize in any way,” Bill Stevenson, who was married to Jill from 1970 to 1975, told *The Post* Saturday.

“She’s matriculated into a completely different woman.”

... “I just don’t understand why she is so adamant about defending him and keeping him in the race since it appears that he’s struggling,” Stevenson said.

... “I’ve watched Jill grow,” he added.

“I’ve been proud of her at certain moments. I have no hard feelings ... I’m just surprised to see her front and center in the middle of this battle after flying under the radar for so many years. She’s always been very driven. People say she’s the one who wants to be president now.”

“Stevenson, who remarried and has a family of his own, once supported Biden, when he ran as vice-president with Barack Obama and when Biden ran for the US Senate in 1972,” the *Post* continues. But no more.

Now “a staunch supporter of former President Trump,” Fox News [informs](#), Stevenson “also accused the sitting president of lying habitually.”

“‘It makes me cringe every time he calls Trump a liar because I’m telling you right now, there is no better liar than President Biden,’ Stevenson said.”

“‘He’s just a bad person,’” Fox continues. “‘I’m probably one of the few people outside his family who has known him for 50 years.’”

Biden’s lies are [well documented](#). In fact, he’s very much like an older, [more experienced version of George Santos](#), the ex-GOP congressman expelled from Congress for being what Joe has been for more than half a century: a self-aggrandizing prevaricator.

Yet Biden’s “bad person” status merely makes him a perfect match for Jill, critics may aver. For example, just consider her behavior (17-second video below) at the post-debate after-party; it drew accusations that the Thirst Lady was “infantilizing” Joe.

You cannot spin that. [pic.twitter.com/epawAzPXcD](https://pic.twitter.com/epawAzPXcD)

In fact, the criticism and mockery of Jill on X was withering (examples below).

At this point it’s repulsive what she’s doing

Critics [also noted](#) that Jill was treating her husband like a toddler. As commentator Olivia Murray [put it](#),

Written by [Selwyn Duke](#) on July 3, 2024

---

Jill's praise is "exactly how I spoke to my boys in toddlerhood, and sometimes still do, when I wanted, or want to encourage them, whether or not what they've 'accomplished' is actually impressive."

Really, this situation is reminiscent of how Edith Wilson [supposedly ran the country](#) for a year and a half a century ago while her husband, President Woodrow Wilson, was gravely ill. After all, some say that Joe now does whatever Jill says, and whoever controls his pen can determine what laws and executive orders are signed.

But the federal government was far smaller and the world far bigger in 1920 and, whatever Mrs. Wilson's motivations, Jill is a prestige (and perhaps power?) seeker. Why, she reportedly wanted her Ed.D. (no she doesn't have a Ph.D.) — acquired with [a dissertation as bad](#) as Joe's debate performance — because she desired a "doctor" title before her name. She insists on being called doctor, too.

And now her husband's and country's well-being are being subordinated to her disordered desires. Just as someone could be a sex object, Jill uses Joe as a success object, as she effects her little [Weekend at Bernie's](#) scheme. So perhaps we could say:

Joe and Jill went up a hill to power and the White House; Joe fell down and broke his crown and Jill showed she's bad spouse.
