Biden Teams With Soros to Fund “Queer Muslim Project”

The Biden administration has teamed with the subversive Open Society Foundations (OSF) to spread sexual perversion in South Asia.

Not satisfied with spreading “trans” propaganda in Pakistan and South America, the State Department pumped more than \$10,000 into something called the Queer Muslim Project (QMP), through the Soros cutout OSF.

The money continues the administration’s relentless campaign to turn the nation into an international joke, while insulting and alienating as many people across the globe as possible.

The Grant

The latest waste of tax money on sex perverts will subsidize this:

The Queer Muslim Project will provide a platform to a group of young LGBTQIA writers from underrepresented communities in South Asia to showcase their work at a leading Mumbai literature festival alongside writers from the Iowa Writing Program.

[Total thrown down](#) the homosexual toilet: \$15,000.

The [Queer Muslim Project](#), for those who don’t know, is “Asia’s leading online platform for queer, Muslim and allied voices, with a growing global community of over 40,000 people”:

We use art, culture, media, and storytelling to challenge harmful stereotypes and norms, build power and visibility of underserved LGBTQIA+ artists and storytellers, and enable them to shape their own narratives.

But the QMP won’t receive the money directly. Instead, State funneled it through Creating Resources for Empowerment & Action, Inc. (CREA), an outfit founded by two Indian feminists.

“CREA is a feminist international human rights organization based in the Global South and led by women from the Global South. CREA’s work draws upon the inherent value of a rights-based approach to sexuality and gender equality,” its [website explains](#):

CREA promotes, protects, and advances human rights and the sexual rights of all people by building leadership capacities of activists and allies; strengthening organizations and social movements; creating and increasing access to new information, knowledge, and resources; and enabling supportive social and policy environments.

Based in New Delhi, CREA “envisions a more just and peaceful world, where everyone realizes their autonomy, dignity, and equality.”

That’s leftist code for “we want legal abortion everywhere” and “sex perverts to have access to children,” as the [website admits](#) in more coded language:

CREA builds feminist leadership, strengthens movements, challenges unjust power structures, expands sexual and reproductive freedoms, and advances the human rights of structurally excluded people.

Foundresses [Geetanjali Misra](#) and [Pramada Menon](#) are “development professionals who had been working in the diverse fields of reproductive health, sexuality, violence against women, media, and women’s rights in India for more than fifteen years.”

Alas, the two trailblazers spotted a “troubling lack of prominent feminist voices in India,” and so CREA was born. It’s a “a radical organization focused on developing the leadership capacities of young women in addressing issues of sexuality and reproductive health and rights, violence against women, and social justice.”

Open Society Foundations, a key donor, [sent CREA \\$900,000](#) in 2020 and 2021. OSF, in turn, is the creation of Hungarian communist and globalist subversive George Soros. It was [recently revealed](#) as a donor to the effort to toss Donald Trump off the 2024 presidential ballot in Colorado.

Also [funding CREA](#) are the Ford and Bill & Melinda Gates foundations.

Other Money for “LGBTQIA” People, Biden’s Fruits and Nuts

But, again, the Biden administration enthusiastically supports sex perverts everywhere. In May, we learned, the [department pumped](#) \$500,000 into “professional development for transgender youth and for Afghan teachers, students, and young professionals residing in Pakistan,” and “intensive professional development courses for Pakistani transgender youth from the ages of 13-25.”

In September 2022, the [department spent](#) \$20,600 “to promote diversity and inclusion,” for a cultural center in Ecuador to “host 3 workshops, 12 drag theater performances, and produce a 2 minute documentary.”

The pervert grants are no surprise from an administration fixated on appointing sex deviants to important positions. Indeed, in 2021, [Biden bragged](#) that 14 percent of 1,500 appointees were perverts. That means he unleashed at least 210 of them into the federal bureaucracy, where they undoubtedly hired or promoted their own kind.

Among the real winners on the lavender list is man-lady Richard “Rachel” Levine, [No. 2](#) at the Health and Human Services Department. Parading around in a fake admiral’s uniform, [Levine promotes](#) the chemical castration and genital mutilation of children.

[Biden hired](#) Sam Brinton, a bald, mustachioed sadist involved in something called “pup play,” to help run the Energy Department’s nuclear waste program. [An advocate](#) of underage homosexual prostitution, he wore lipstick, dresses and high heels to work, but was fired after he was caught stealing luggage at airports.

Other notables:

- Transportation Secretary Pete Buttigieg, who believes he has a “husband” and has become a “father”;
- Monkeypox czar Demetre Daskalakis, [who could](#) double as a member of the Village People; and,
- Spokeswoman Karine Jean-Pierre, [who brags](#) that she’s first “black, gay immigrant woman” to be presidential press secretary.

As for the Queer Muslims, for their own safety they might remember what devout Muslims think of their “project.” ISIS throws homosexuals off the top of buildings. Sharia law enforcers in Indonesia cane them.
