Bobulinski Describes Meeting With Joe Biden in LA, Connects Candidate to China Deal

If your only source of news is CNN, the *Washington Post*, or the *New York Times*, you can be forgiven for not knowing that Tony Bobulinski, the man [who says](#) Democrat presidential candidate Joe Biden was neck deep in his son's global business empire, sat for an hour-long interview with Fox News's Tucker Carlson.

The former Navy lieutenant's surname does not appear on the home pages of those news outlets. Yet last night, he detailed his activities with the Biden Boys that prove Biden senior lied when [he said](#) he knew nothing of Hunter Biden's foreign business.

In fact, at Hunter Biden's behest, Bobulinski met Joe Biden in Los Angeles in 2017. It was the "The Big Guy's" introduction to the Bobulinski, who would handle the family's Asian venture.

Met With Joe Biden

Bobulinski didn't reveal much that was new. But he did provide compelling details for the broader outline he sketched last week, when [he confirmed](#) the authenticity of e-mails [published in](#) the *New York Post*. One of those e-mails [describes Joe Biden](#) as the "Big Guy" in a major deal.

The China story begins in 2015 when British businessman James Gilliar invited Bobulinski to join a big deal, Bobulinski said. Also involved was Rob Walker, a former principal in Rosemont Seneca, the investment firm involved in the Biden-Burisma influence-peddling scheme in Ukraine.

The deal involved CEFC China Energy and the Bidens: Jim, Hunter, and, we now know, then-Vice President Joe Biden.

"It was never about Hunter Biden or Jim Biden," Bobulinski said. "It was about the family name, the Biden legacy."

Bobulinski also described a meeting with Joe Biden in Los Angeles in May 2017.

"I met with Hunter Biden multiple times at the [Chateau Marmont](#) and Rob Walker, and the discussion was they wanted me to sit down with their father, just to meet him and, at a high level, discuss the Biden family and how they approach things."

Walker, Bobulinski said, was a "proxy" for the Bidens, but that aside, Bobulinski described his meeting with Sleepy Joe:

The former vice president was flying in, and we were to meet at the Beverly Hilton; the Milken Conference was going on, obviously one of the top three conferences in the world for anybody that's a global investor or developing different humanitarian causes and a variety

of things....

They wanted to coordinate me meeting with Joe.

And so it was set up for the night of May 2nd at The Beverly Hilton. I first met with Hunter Biden and Jim Biden and just had a light discussion where they briefed me that, listen, my dad's on the way, and you know we won't go into too much detail on the business front, but we'll just spend time talking at a high level about you, your background, the Biden family, and then you know he's got to get some rest because he's speaking at the conference in the morning.

Hunter Biden and his uncle, Jim Biden, were showing Bobulinski "the strength of the Biden family to get me more engaged" and become the head of the Biden-China operation. That [was called](#) SinoHawk.

Asked Bobulinski, "Why at 10:38 on the night of May 2nd would Joe Biden take time out of his schedule to sit down with me in a dark bar at The Beverly Hilton, sort of positioned behind a column so people couldn't see us, to have a discussion about his family and my family and business at a very high level where Jim Biden sat and Hunter Biden participated in?"

Answer: To tell the former vice president "what I was doing with his family's name and the Chinese CEFC."

That meeting, Bobulinski told Carlson, is how the public can know Biden lied when he said he knew nothing of his son's remarkably successful business ventures in the energy field.

"That's a blatant lie," Bobulinski said of Biden's pleading ignorance:

When he states that, that is a blatant lie. Obviously the world's aware that I attended the debate last Thursday, and in that debate he made a specific statement around questions around this from the president, and I'll be honest with you; I almost stood up and screamed liar and walked out, because I was shocked that after four days or five days that they prepped for this, that the Biden family is taking that position to the world.

Biden has not denied meeting with Bobulinski.

The Conversation

As for the meeting details, Bobulinski was "sitting with Jim Biden and Hunter Biden" when "Joe came through the lobby with his security and Hunter basically said, 'hey, give me a second, I'll go over and — give me 10 minutes to brief my dad and read him in on things.'"

Bobulinski said it was "crystal clear" that Hunter told his father about the big deal with China.

"Joe asked me to talk about my background, my family," Bobulinski told Carlson. "He thanked me for my service. I'm obviously very proud of that, proud of my brother's service and my grandfather's service."

Biden discussed his own family, but like a Mafia Don, was careful not to discuss the details of the business:

We didn't go into too much detail on business, because prior to Joe showing up Hunter and Jim had coached me, listen, we won't go into too much detail here, so just a high-level

discussion and meeting. So it's not like I was drilling down with Joe about cap tables and details....

I didn't request to meet with Joe; they requested that I meet with Joe. And you know he's putting his — and Hunter says this in writing. It was referenced multiple times, they were putting their entire family legacy on the line.

They knew exactly what they were doing. They were dealing with a Chinese-owned enterprise.

As for the ["Big Guy" e-mail](#) itself, "I one thousand percent sit here and know that the 'big guy' is referencing Joe Biden. That's crystal clear to me because I lived it. I met with the former vice president in person multiple times."

At one meeting, Bobulinski asked Jim Biden whether he was concerned the China venture would jeopardize Joe Biden's future as a presidential candidate. "And I just can almost picture his face, where he sort of chuckles and says, you know, plausible deniability," Bobulinski told Carlson.

Why He Talked

Bobulinski came forward because leftist Representative Adam Schiff, orchestrator of the bogus impeachment of President Trump, smeared him with the claim the e-mails were "Russian disinformation."

Rep. Adam Schiff says he's concerned that he hasn't "gotten much from the intelligence community" on Russia peddling disinformation.

"At times, some of the leadership, like Director Ratcliffe, not been very forthcoming in terms of the intelligence on the Russian threat." pic.twitter.com/JhcVYlCgcf

"I called Rob Walker and I told him that if that statement isn't retracted by Congressman Schiff by midnight on Sunday, that I was going on record and I was disclosing all the facts to the American government, to the American citizens, and the world."

Joe Biden should retract, too. [He peddled](#) the same [debunked conspiracy theory](#) on *60 Minutes*.

The leftist mainstream media do not believe the Bobulinski interview is worthy of coverage.
