

Carlson's Biden Docs Found. But How, Why, Did They Disappear?

UPS found the “damning” Hunter Biden documents that disappeared somewhere in transit to Fox’s Tucker Carlson, the company said yesterday. But Carlson says UPS hasn’t come clean.

How, [he asked](#) on last night’s program, were the contents of the envelope separated from the package? Why was the envelope containing the flash drive that held the documents empty?

UPS, apparently, is mum.

The Disappearance

The story began with Carlson’s [announcing on Wednesday](#) that the documents disappeared in transit to Los Angeles, where Carlson was to interview Hunter Biden’s former business partner, Tony Bobulinski.

Bobulinski, who met with Democrat vice presidential candidate Joe Biden in 2017 to discuss the Biden Mafia’s business deal with China, did not provide the documents.

Again, the envelope containing a flash drive was inexplicably empty. Carlson did not identify UPS in his first report.

But yesterday, the company announced it had found the flashdrive, but offered no reason for the disappearance.

“They vanished on the same day we were conducting a heavily-publicized interview based in part on documents from the Biden family,” Carlson said last night, and “unfortunately, we still don’t know what happened.”

UPS, Carlson noted, said it “will always focus first on our customers and we’ll never stop working to solve issues.” But the company did not explain how and why it fouled up.

Said Carlson:

They claim that the flash drive was found on Monday night by an hourly employee at the UPS building on 43rd Street in Manhattan. They suggested it might have been sitting on the floor there. They couldn’t prove that because remarkably, in a room where millions of high-value packages are handled, there are no security cameras. That’s just what they told us. UPS says the employee who found our flash drive simply dropped it on top of the supervisor’s desk. Our documents sat there undiscovered for more than 24 hours until we announced on television that they were missing. That’s their story.

Carlson said the main question — “how did our flash drive get separated from the package that we sent it in?” — remains unanswered:

That seemed like something worth knowing. The envelope was securely sealed. We know that. Two witnesses saw our producer seal it and UPS does not dispute that.

Was the package torn open accidentally by a machine? That seems unlikely. UPS says that almost never happens.

So we’re left with the obvious explanation: Someone, for some reason, opened our package and removed a flash drive containing documents that were damaging to the Biden family. We’d love to know who would do that and why. It would be helpful to see the envelope itself. But UPS says we can’t see it because they threw it away.

Carlson also said the drive his team possess contains “documents about Hunter Biden’s personal life that we haven’t brought you and that we’re not going to bring you.”

Hunter Biden, he said, is not running for president, and now, because he is “humiliated and alone,” that “pounding on a man and piling on him when he’s already down is something that we don’t want to be involved in.”

What Bobulinski Revealed

What the documents related to Hunter Biden’s global business interests reveal about his father’s involvement Carlson did not say. But [Bobulinski provided](#) a peek into the Biden Syndicate in his interview with Carlson on Tuesday.

The former Navy lieutenant said Joe Biden is the “Big Guy” in an [e-mail that outlines](#) the equity shares in a Biden-China business enterprise that Bobulinski would run. In 2017, he met with Joe Biden in Los Angeles at the Beverly Hills Hotel.

What Bobulinski described sounded like a meeting between a Mafia capo and his boss. The two didn’t discuss details, but the “Big Guy,” — the Godfather — needed to know the family business was in good hands with Bobulinski at the helm.

In the last two weeks, e-mails [published in](#) the *New York Post*, [at Breitbart](#), and elsewhere, plus [Bobulinski’s testimony](#), show that [Joe Biden lied](#) when he said he knew nothing about this son’s lucrative business dealings overseas.

Hunter Biden has enriched himself been trading on his father’s name. And if a text to his sister is authentic, [he shared the profits 50-50](#) with the “Big Guy.”
