Clinton Scandal Avalanche: Bombshells Too Numerous to Cover, Too Unspeakable to Mention

Hillary Clinton's ties to convicted child traffickers and pedophiles, a child sex island, occult/satanic rituals, voodoo — even cannibalism? It's the kind of stuff one might expect in a supermarket tabloid, along with headlines like, "I was abducted by 3-headed Martian," and "I was impregnated by a Sasquatch." But even the most inventive and salacious pulp fiction writer would have trouble coming up with some of the incredible revelations concerning Bill and Hillary Clinton and her top campaign staff that have broken in the past few days before the November 8 election. The main problem is, the avalanche of sensational (and stomach-churning) exposés have been coming so fast — from WikiLeaks and other independent sources — and so close to the election deadline that it is nigh unto impossible for media organizations to sift, digest, research, and authenticate the evidence and place it in context. That's only a problem, of course, for the "alternative media," such as *The New American* and other freedom-oriented news groups. For the so-called mainstream media (MSM), the big problem has been how to bury these stories with anti-Trump articles and other distractions so that the pro-Clinton MSM propaganda can deliver a Clinton-Kaine victory.

Last week the dam broke, releasing a flood of appalling evidence that the Clinton damage-control teams in the MSM cannot contain — or explain away. The recent Clinton-Podesta e-mail releases from WikiLeaks have come at the same time that [Judicial Watch](#) has won a court case forcing the State Department to release Clinton's Benghazi e-mails, and the [NYPD uncovered 650,000 Clinton e-mails](#) (along with kiddie porn) on the personal laptop of disgraced former Congressman Anthony Weiner, the sext-addict husband of Hillary Clinton's top aide Huma Abedin.

But, but, but, ... Did FBI Director James Comey not just come out — once again — and declare that there was no evidence on the Weiner computer worthy of prosecuting Clinton over? Case closed, right? That's how the "We're With Her" in-the-tank MSM media are playing it. However, as *The New*

American's C. Mitchell Shaw has [reported](#), it would have been impossible for the FBI to clear all 650,000 e-mails in eight days, as Director Comey claims. This latest flip-flop is another case of Comey bending to the will of his political bosses in the Obama administration, rather than serving the American people and the Constitution, as he has sworn to do. However, since NYPD investigators and a large number of FBI agents have reportedly vowed to break the Comey coverup and expose the Clintons' crime secrets, this story is far from over. What are so many in law enforcement so upset about? It appears they realize that another Clinton presidency would usher in a horrible crime wave at the highest levels of government — far beyond what we have already experienced. As former assistant FBI director [James Kallstrom said](#) in a recent interview, "The Clintons, that's a crime family, basically. It's like organized crime. I mean the Clinton Foundation is a cesspool.... God forbid we put someone like that [Clinton] in the White House."

The latest Podesta-Clinton WikiLeaks revelations underscore Kallstrom's foreboding assessment. They are the most unnerving and gut-wrenching e-mails yet, because they deal with matters so unspeakably disgusting, evil, and revolting that they are truly difficult to comment upon. This goes beyond the already-known awful crimes and abuses associated with compromising national security with personal e-mails (and lying about it) and turning the Secretary of State office into a massive personal profit center for the Clinton Foundation. The latest e-mail releases take one on an abysmal journey into the heart of darkness.

The Podesta-Clinton, Kiddie-sex, Occult Cesspool

John Podesta is the ultimate Washington, D.C. insider. Formerly chief of staff to President Bill Clinton and counselor to President Obama, he is chairman of the Soros-funded Center for American Progress and chairman of Hillary Clinton's presidential campaign. He is regarded as the uber-Machiavelli of Democratic Party politics, and the mastermind of "hardball" campaigning and dirty tricks. He is also, along with his wealthy, power-broker brother, Tony Podesta, a highbrow aficionado and patron of a species of "modern art" that most normal, decent people would find creepy, disturbing, disgusting, offensive, and evil. This brings us to the troubling Clinton-Podesta cannibalism/occult/Satanism issue. One important element in that ugly matrix that has garnered attention of late is something called "Spirit Cooking," a euphemism for a vile, occult form of "performance art," that, apparently, is a welcome dinner party practice in the Podesta-Clinton social-political circles.

It involves a "recipe" that requires menstrual blood, sperm, breast milk, and urine. Marina Abramovic (shown above with a goat's head), is a Serbian "artist" supported and courted by the Podesta brothers, and is the most celebrated practitioner of "Spirit Cooking" on the scene today. She is not only a Hillary Clinton supporter, but is a spiritual/artistic guru to other Clinton celebrity endorsers, such as the absurdist pop star Lady Gaga (no surprise there!). Among the latest hacked e-mails from WikiLeaks is an ["All my love" e-mail from Marina Abramovic to Tony Podesta](#) on June 28, 2015, asking if he will be attending the Spirit Cooking dinner at her place. And she wants to know if brother John will be coming too. Tony passes on the e-mail to John:

Dear Tony, I am so looking forward to the Spirit Cooking dinner at my place. Do you think you will be able to let me know if your brother is joining?

All my love, Marina

There is much more to the Abramovic-Podesta-Clinton connection than this one e-mail and the social event it makes reference to — and much more than we can cover in this article. However, the MSM pro-Clinton press corps has studiously avoided these ties, except in the few instances where they have ventured into the cesspool to declare that there really is no “cess” there. That was the tack taken by Eric Levitz in a November 4 piece for *New York Magazine*, a reliable cheering section for Team Hillary throughout the campaign season. Entitled, “Spirit Cooking Explained: Satanic Ritual or Fun Dinner?” Levitz describes Tony Podesta as “a powerful lobbyist and ... a prominent collector of contemporary art.” “The message here is, ostensibly, a dinner invitation that makes playful reference to one of Abramovic’s past works,” [writes Levitz](#).

Yes, just a “playful,” “fun dinner,” that’s all. But, according to Levitz, the “tin-foil hat” conspiracy wackos of the “far-right fever swamp” have turned this innocent dinner gathering of the Podesta clan and their artistic muse into something sinister. Well, Mr. Levitz — like the Podestas, the Clintons, Lady Gaga, and Abramovic — apparently hails from a different precinct (if not a completely different planet or universe) than most normal, moral, decent Americans, who would be inclined to find the Abramovic dinner “art” both creepy and sinister. Levitz is not unaware of Abramovic’s ultra-dark side; he includes an imbedded video in his article of her [performing her infamous Spirit Cooking](#). (Warning: graphic content, viewer discretion advised.)

The *New York mag* writer slams the Alex Jones/Info Wars website and Drudge Report for making an issue of these innocuous goings on; they’re obviously unsophisticated rubes with no appreciation for high-toned culture, right? There ain’t no Satanists here, you fools, just artistic types enjoying some campy fun. Right? Well, Drudge and Jones are probably a lot closer to the mark than Levitz. Besides the Spirit Cooking video, Alex Jones includes (among other evidence) [a Marina Abramovic portrait](#) (shown above) in which she frames her face with the horns of a bloody goat skull, the symbol of Baphomet, one of the most common Satanic images. Other portraits of the “artist” can be found online showing her with a mouthful of live snakes, as well as her signature fixation on death, cannibalism, and — in general — the lewd, crude, nude, and rude.

Marina Abramovic, an unquenchable narcissist, apparently is unsettled by the sudden critical attention, since she is used to being worshipped and fawned over. On November 4, she exploded with the [Tweets](#): “I am not a Satanist! Stop it!” and “My friends, please stop twittering me with tag spiritcooking! Just enjoy art and stop asking me about politics.” Unfortunately for her, she must have forgotten that her Twitter account she used in an attempt to dispel the Spirit Cooking occultism, is “@AbramovicM666.” Probably not the wisest move she’s made.

[Molyneux.](#))

The Clinton-Podesta-Abramovic tie-in might be written off by many doubters as merely a titillating, sensational election-eve story scraped up by political opponents. However, it cannot be written off so easily because it goes to the heart of darkness of the Clinton “organized crime cesspool” that the FBI’s former assistant director James Kallstrom referred to.

It comes on the heels of a long train of verified stories that are interrelated, most especially regarding criminal activities with minors and children. There is, for starters, the long-running close relationship between [hedge fund billionaire \(and convicted pedophile\) Jeffrey Epstein](#), whose Manhattan mansion and private island estate in the Caribbean have been the sites for many notorious sex parties — especially for Democratic politicians, celebrities, and high-end political donors. Bill and Hillary Clinton, reportedly, have made multiple trips to Epstein’s lair, known as “Sex Slave Island,” which offers a luxurious getaway excursion outside the jurisdiction of authorities who might get in the way of sexual frolicking with teens — and even younger kids.

Hillary Clinton’s ties to Democratic Congressman Anthony Weiner and the most recent revelations coming from his computer underscore the fact that at the highest levels of power in Washington, D.C., top officials of both parties for many years have been winking at the criminal sexual exploitation of children by politicians and their high-placed friends. Only rarely do the offenses leak out in a way that ends up with prosecution of the powerful, as in the case of Republican Speaker of the House Dennis Hastert, a serial abuser of teenage boys. But, as we have reported, [Hastert was just the tip of the iceberg](#).

Related to this same subject matter are [e-mails](#) between Hillary Clinton and her then-top aide Cheryl Mills regarding one Laura Silsby, who was arrested and charged with child abduction and child trafficking in Haiti, after the island was devastated by a hurricane in January 2010. Silsby and nine others posing as missionaries for a non-existent Christian orphanage were apprehended by authorities while attempting to smuggle a busload of 33 Haitian children off the island. Turns out they weren’t orphans after all, and their parents accused Silsby of deception. Silsby’s attorney was convicted felon Jorge Torres Puello, who, at the time, was a fugitive from U.S. authorities for alien smuggling. That should have sent up a red flag or two! (Torres Puello was subsequently captured, prosecuted, and [sentenced to three years in U.S. federal prison for alien smuggling](#).)

However, thanks to intercession by Secretary of State Hillary Clinton and former President Bill Clinton (who was serving as special UN envoy to Haiti, as well as ramrodding his own very profitable Clinton Foundation ventures in the tragedy-struck island), Laura Silsby’s charges were reduced and she was allowed to leave Haiti with time served.

Some analysts and critics have suggested that Silsby was kidnapping the Haitian children to be sold to child sex rings. The evidence we have seen thus far does not prove that claim, but neither is it a far-fetched supposition, considering the sordid sexual swamp that many of the high and mighty are mired in, and considering the Epstein-Clinton-Podesta revelations that are pouring out. At the very least, it must be seriously investigated, in light of the evidence available and the global crisis in child sex trafficking.

But here, as in virtually every other scandal that has embroiled Hillary Clinton, her establishment media pals have given her a Teflon shield. Ditto for the revelations by Kathy Shelton of Arkansas, who, as a 12-year-old, was raped in 1975 by a 41-year-old drifter. Hillary Clinton was his defense lawyer. [In a later](#)

[interview, Clinton laughed](#) as she recalled how she had gotten her child-rapist client off with some courtroom tricks. Moreover, as the victim recounts, Hillary made it appear that the 12-year-old Shelton was the one at fault. “Hillary Clinton lied, terrorized, & mocked me, defending my rapist,” Shelton has tweeted.

While the latest WikiLeaks releases related to sensational sexual matters are grabbing the headlines of the alternative media (and being ignored by the MSM), literally dozens of other hot issues exposed by WikiLeaks from the Clinton-Podesta e-mails have been either totally buried or hugely under-reported by the Clintonista press corps. In addition to the WikiLeaks revelations (and related exposés) that we have covered in the articles listed below this story, we point you to a helpful summary of several dozen Clinton scandals compiled by Montana researcher activist [Clarice Ryan for the Gem State Patriot](#).
