Gabbard Quits Anti-white, Anti-women, Anti-American, Anti-Christian Democrat Party

The Democrat Party has lost the one reason any red-blooded American man would join. Former U.S. Representative and Democratic presidential candidate Tulsi Gabbard has left.

One of the few top Democrat women not scary enough to scare a pot-smoking, surfer dude over age 18 into becoming a beer-drinking, pistol-packing Trump supporter, Gabbard announced her departure today.

She's leaving the party of abortion and sex perverts, she said, because it's become an "elitist cabal of warmongers," and hateful anti-white, anti-woman, anti-American, anti-Christian leftists.

Democrats hate Gabbard enough to have called her a Russian agent because she opposes World War III with Russia. GOP Senator Mittens Romney of Utah accused her of treason for the same reason. The [Lavender Mafia declared](#) her a "homophobe" during the 2020 presidential campaign.

Like [Network's Howard Beale](#), Gabbard delivered a message: "I'm mad as hell and I'm not going to take it anymore!"

Party of Powerful Elites

The nut of Gabbard's 28-minute-33-second video resignation is that the Democrat Party is a collection of powerful elites. They can't stand middle Americans, their religion, or their sensibilities, not least opposition to wars abroad.

"I can no longer remain in today's Democratic Party that is now under the complete control of an elitist cabal of warmongers driven by cowardly wokeness, who divide us by racializing every issue & stoke anti-white racism, actively work to undermine our God-given freedoms, are hostile to people of faith & spirituality, demonize the police and protect criminals at the expense of law-abiding Americans, believe in open borders, weaponize the national security state to go after political opponents, and above all, dragging us ever closer to nuclear war," Gabbard said:

I believe in a government that is of, by, and for the people. Unfortunately, today's Democratic Party does not. Instead, it stands for a government of, by, and for the powerful elite. I'm calling on my fellow common sense independent-minded Democrats to join me.

"Independent-minded Democrats" is something of an oxymoron, like "gay marriage" and "transwomen," but anyway, Gabbard said the party has nauseated her.

She said Democrat leftists are “censoring speech they don’t like,” and denounced the Biden administration for saying “half the country” that voted for Donald Trump in 2020 is a “threat to our democracy.”

As well, top Democrat women, Senator Elizabeth Warren and Vice President Kamala Harris, are “undermining the legitimacy” of the U.S. Supreme Court by calling decisions they don’t like illegitimate. The Biden administration did nothing when [leftists protested illegally](#) outside homes of U.S. Supreme Court justices, she said, and the party “racializes everything and blatantly foments anti-white racism.”

The party is anti-Christian, she said, and though it has always claimed to be a “champion” for women, it is “rejecting the objective truth and reality that women exist”:

They can no longer even define what a woman is, and they’re demanding that we replace words like “mother” with “birthing person,” and place women at risk just to please biological men who claim to be women at any given moment.

Those who object to erasing women are targets for punitive action. “They’re trying to force us to comply with this literal insanity by trying to regulate our speech and thought with the threat of punishment if we don’t comply,” Gabbard said.

“If you can no longer stomach the direction that so-called woke Democratic Party ideologues are taking our country,” she concluded, “I invite you to join me.”

Gabbard, who did not say she would become a Republican, announced her departure on her new YouTube program, *The Tulsi Gabbard Show*.

Targeted With Hate

Gabbard’s contrarianism has invited crackpot leftist women, along with the party’s standard bearer in 2016, to denounce her with outright lies.

Hillary Clinton, again, [called her](#) a “Russian asset” because Gabbard, an Army officer who served in Iraq, opposes U.S. imperial adventurism abroad with the blood of soldiers, sailors, airmen, and Marines. [CNN’s Ana Navarro said](#) the Department of Justice should investigate Gabbard for retailing “Russian propaganda.”

Mittens, who sat out the Vietnam War with four draft deferments and duty as a “minister in France,” accused her of “treasonous lies.”
