Ocasio-Cortez Backs Illegal Intimidation of Justices in Kavanaugh Tweet

Adding to her deranged pro-insurrection rant at a protest after the U.S. Supreme Court overturned *Roe v. Wade*, leftist Representative Alexandria Ocasio-Cortez (D-N.Y.) has backed the [illegal intimidation](#) of the court's justice.

On Twitter, the congresswoman from New York ridiculed the report that pro-abortion fanatics drove Associate Justice Brett Kavanaugh out of a restaurant.

Ocasio-Cortez is notorious for imprudent and often stupid tweets. But this one might inspire more attempts to terrorize conservative justices into voting the way Ocasio-Cortez and her leftist comrades wants.

That raises the question of whether the former barmaid and others like her must be investigated for encouraging mob violence against the justices.

Poor guy. He left before his soufflé because he decided half the country should risk death if they have an ectopic pregnancy within the wrong state lines. It's all very unfair to him.

Protesters Besiege Restaurant

As [The New American reported](#) last week, citing *Politico*, Kavanaugh was at a Morton's Steakhouse in Washington, D.C., when unhinged leftists showed up to protest.

He left the restaurant before dessert, and Morton's defended the right of its customers to eat in peace, their political views regardless. That enraged leftists even more. They made fake reservations at Morton's stores nationwide to harm the business.

NEW: Justice Brett Kavanaugh had to exit through the rear of Morton's on Wednesday night after DC protestors showed up out front. A Morton's rep told me: "Politics ... should not trample the freedom at play of the right to congregate and eat dinner."

After SCOTUS overturned 1973's *Roe v. Wade* decision, which unconstitutionally struck down abortion laws in all 50 states, Ocasio-Cortez — well-known for her half-baked tweets — led a protest at which she all but called for insurrection.

Would-be Assassin Went After Kavanaugh

Commentator Joe Concha noted the obvious: In early June, a pro-abortion fanatic went to Kavanaugh's home with plans to murder the associate justice.

"A sitting lawmaker advocates harassment of a sitting Supreme Court Justice just weeks after a man was charged with attempted murder of said Justice," he tweeted.

In June, [cops arrested](#) Nicholas John Roske, 26, who traveled from California to Kavanaugh's home armed with a handgun, a knife, pepper spray, and burglary tools. He told police he was there to murder the justice because he, Roske, was infuriated about the *Roe* decision, which someone had leaked weeks before it became official.

Matt Walsh ridiculed Ocasio-Cortez as a hypocrite.

"Didn't you cry about having a near death experience because people were trespassing in a building you weren't even in?"

[Ocasio-Cortez](#) was in her office in the Cannon building when the protesters walked in the U.S. Capitol. Another of Ocasio-Cortez's demented tweets [accused Senator Ted Cruz](#) of trying to have her "murdered" because he questioned the result of the 2020 election, which supposedly led to the "riot" in which she was almost "killed."

I am happy to work with Republicans on this issue where there's common ground, but you almost had me murdered 3 weeks ago so you can sit this one out.

Happy to work w/ almost any other GOP that aren't trying to get me killed.

In the meantime if you want to help, you can resign. <https://t.co/4mVREbaqqm>

Where Is the FBI and DHS?

Leftists such as Ocasio-Cortez, who called the *Roe* decision "illegitimate" and ranted like a raving lunatic at a protest, are increasing their hateful, violent rhetoric.

Senator Elizabeth Warren (D-Mass.), who has falsely claimed to be a Native American, war-whooped like an angry Cherokee after the *Roe* decision was released, although she didn't suggest a scalping raid on the court's conservative justices.

"I want to tell you, Gorsuch, I want to tell you Kavanaugh, you have unleashed a whirlwind, and you will pay the price," Schumer fumed in 2020 when a case that could have overturned *Roe* went to SCOTUS. "You won't know what hit you if you go forward with these awful decisions."

Schumer tried to cover up the obvious threat by connecting it to the presidential election.

Remember when Chuck Schumer stated that Brett Kavanaugh would pay the price following the *Roe v. Wade* leak?

After the *Roe* decision was announced, leftists immediately [tweeted death threats](#) against the justices, then took to the streets in violent, insurrectionist protests.

Although the FBI and Homeland Security Department [is tracking](#) a non-existent "white supremacist" threat to the nation, they have not announced whether they are watching the social-media posts and public utterances of dangerous leftist fanatics, including elected officials.
