Report: E-mails Show That Joe Biden Met With Hunter's Biz Pals

Yet another batch of e-mails from [Hunter Biden's laptop](#) provides more proof that President Joe Biden lied when he said he knew nothing about his boy's global business enterprises.

Aside from involving himself in his [son's venture with Chinese Reds](#) and crooked Ukrainian businessmen when he was vice president, Biden also attended a dinner with Hunter's business pals, the e-mails show.

The meeting, the [Daily Mail reported](#), was another chance for the crack-smoking loser to cash in on his father's political power.

The Meeting

The meeting with Hunter Biden's Russian, Ukrainian, and Kazakhstani "business associates" had one purpose, the newspaper reported:

Hunter Biden wrote to a friend before the 2015 Washington DC dinner that it was "ostensibly to discuss food security," but was in fact an opportunity to introduce his potential clients and partners to his powerful father.

The shocking communications appear to fly in the face of the president's claim that he had no knowledge of his son's business activities.

On April 15, 2015, in the Garden Room at Café Milano, the Biden boys met the "corrupt, late former Moscow mayor Yury Luzhkov, his wife, Russian billionaire Yelena Baturina, and a Mexican ambassador."

Another dinner attendee was Vadym Pozharskyi. He was adviser to Burisma Holdings, the gas company that employed Hunter Biden and ensnared the Bidens in a major influence-peddling scandal.

Pozharskyi thanked Hunter Biden in an e-mail found on the laptop that he left at a computer-repair shop. "Dear Hunter, thank you for inviting me to DC and giving an opportunity to meet your father and spent [sic] some time together. It's realty [sic] an honor and pleasure," he wrote on April 17, 2015.

VP

Dear Hunter, thank you for inviting me to DC and giving an opportunity to meet your father and spent some time together. It's really an honor and pleasure.

As we spoke yesterday evening, would be great to meet today for a quick coffee. What do you think? I could come to you office somewhere around noon or so, before or on my way to airport.

That [e-mail surfaced](#) in October, a month before Biden defeated Donald Trump for the presidency. Biden's campaign denied that Joe Biden met with Pozharskyi, just as it denied that he pushed Ukraine [to fire](#) its top prosecutor, who [was investigating](#) Burisma, [to protect](#) his son. Hunter Biden served on the energy's company board despite his past as an out-of-control dope fiend and his complete lack of knowledge of or experience with oil and gas.

[Continued the Daily Mail:](#)

The emails show Hunter, who was on the board of the World Food Program USA at the time, revealed to one guest that he was pretending the meeting was about food aid rather than his controversial business deals.

"The reason for the dinner is ostensibly to discuss food security. Dad will be there but keep that btw us for now," Hunter wrote on March 26, 2015 to Michael Karloutsos, son of the then-head of the Greek Orthodox Church, who was also invited.

"Everything is between us. All good!" Karloutsos replied. "What is the UN Food Program called? I know you mentioned your dad would probably join the dinner as well. Anyone else of note?"

Hunter remained conspiratorial, cryptically adding that the "most notable" other guest was "the Prime minister of a country I'll tell you over phone."

The UN World Food Programme ([WFP.org](#) and [WFPUSA.org](#)).
I am chairman of board of WFPUSA.
There are 10-12 for dinner. Most notable the Prime minister of a country I'll tell you over phone.
Also CEO of WFPUSA and a few other interesting people.

Ok- the reason for the dinner is ostensibly to discuss food security. Dad will be there but keep that btw us for now. Thanks. Also let David know I will get back to him asap- probably sometime next week when we are through these next few days with beau- which also is just btw us.

Hunter's business pal, [securities fraudster Devon Archer](#), another key player in the Biden-Burisma influence-peddling scheme, helped organize the pow wow.

He told Hunter to "save a seat for your guy," meaning the Veep Joe Biden. The younger Biden should also save a seat for "mine if he's in town." That might have referred to Secretary of State John Kerry, the [Daily Mail reported](#). Archer toiled for Kerry when he ran for president in 2004.

Two other attendees thanked Hunter for the "amazing" and "fantastic and productive evening."

\$100K For Biden Posterity

A few days ago, the [Daily Mail revealed](#) that former FBI director Louis Freeh dumped \$100,000 into “a private trust for Joe Biden’s grandchildren” when he was vice president. He also met with Biden to discuss “future work options.”

In 2016, Freeh emailed Hunter to say that he “would be delighted to do future work with you.”

Thank you Hunter and I would be delighted to do future work with you. I also spoke to Dad a few weeks ago and would like to explore with him some future work options. I believe that working together on these (and other legal) matters would be of value, fun and rewarding.

This decision (which I will read over the weekend in translation) is very timely indeed. I see G tomorrow and will convey your regards.

Have a great weekend and our love to Mom and Dad.

Warm regards
Louie

Thank you Judge Freeh. Looks like we may have caught a break with the publication of the ruling (“motivation” in Gab’s words) on the abuse of office/power statute. According to G it clearly states that cases fitting the exact description of his would no longer be valid prosecutions as a matter of law. Please keep me informed and give Gab my best. So honored that you agreed to take this on. Thanks again, Hunter.

An FBI forensics expert and university professor authenticated the e-mails.
