U.S. Army Will Require That Women Shower With Men, And Men Shower With Women

In yet another sign that the inmates are running the asylum called the Biden administration, U.S. Army training documents say that women must shower with men, and men must shower with women.

In the name of “transgender” rights, of course. If a mentally-ill soldierette declares that she’s a man, then she can shower with the boys. If a mentally-ill soldier declares that he’s a woman, then the U.S. military’s lady contingent will get an eyeful.

The policy applies whether or not the “transgenders” have undergone “sex reassignment” surgery.

The latest from Tranny Joe’s cross-dressing circus comports with [The New American’s earlier report](#) on his “transgender service policy,” which is really a brainwashing program to convince American military personnel they can believe six contradictory things before breakfast.

Another Vignette

The “transgender service policy,” as [TNA reported](#) in March, is explained in vignettes that show GIs how to react if they cross the trail of mentally ill comrade who thinks he’s a woman.

The vignette uncovered by Breitbart, curiously, doesn’t deal with men showering with women, but instead with a woman showering with men. Perhaps the Army doesn’t want women to think it’s setting them up to be raped.

“The training slide offers a ‘vignette’ instructing soldiers on what to do if they encounter a female soldier who identifies as male according to the Department of Defense’s personnel tracking system known as Defense Enrollment Eligibility Reporting System (DEERS), but has not surgically transitioned and still has ‘female genitalia,” [Breitbart reported](#).

The slide is titled “Soldier/Unit Training Barracks, Bathrooms, and Showers”:

Vignette: Following his transition from female to male (which did not include sex reassignment surgery) and gender marker change in DEERS, a transgender Soldier begins using male barracks, bathroom, and shower facilities. Because he did not undergo a surgical change, the Soldier still has female genitalia. ...

“Soldiers must accept living and working conditions that are often austere, primitive, and characterized by little or no privacy. ... Understand anyone may encounter individuals in barracks, bathrooms, or shower facilities with physical characteristics of the opposite sex

despite having the same gender marker in DEERS.”

As well, “transgender Soldiers are not required or expected to modify or adjust their behavior based on the fact that they do not ‘match’ other Soldiers,” Breitbart reported.

And the sane military personnel who don’t go along: They’ll be disciplined.

Other Vignettes

[Biden opened](#) the military to sex deviants and the mentally-ill “transgenderers” five days after he took office, and the “transgender service policy” was published shortly thereafter.

The “[vignettes](#)” surfaced in March.

The so-called vignettes, which explain how to handle transgender personnel, are meant to brainwash normal military personnel.

“Soldier who was assigned male at birth says he identifies as a female,” one such vignette begins:

Soldier lives as a female in his off-duty hours. He has no medical diagnosis, does not plan to seek medical treatment, and does not experience significant distress relating to his gender identity. Soldier is not requesting to be treated as a female while on duty.

Aside from treating the soldier with “dignity and respect,” military personnel must pretend he needs a new “gender identity,” not a discharge and psychiatric treatment:

If Soldier later requests to be identified as a female during duty hours and/or experiences increased distress relating to his gender identity, inform Soldier of the Army’s transgender policy and recommend that he see a military medical provider. Gender transition in the Army begins when a Soldier receives a diagnosis from a military medical provider indicating that gender transition is medically necessary.

Strangely, these vignettes used standard pronouns, not the myriad ridiculous words that “transgenderers” have adopted to confuse anyone speaking to them.

War On Normalcy

Biden and his daft underlings have been waging war on decency and normality since before he took office, when [he picked](#) a man who thinks he’s a woman to oversee the Defense Department’s transition.

After he took the oath, [Biden picked](#) a man who thinks he’s a woman as his No. 2 health official.

And in his latest assault on the sensibilities of normal Americans, [he picked](#) a sex deviant and [child prostitution apologist](#) to run the Energy Department nuclear waste disposal bureau.
