Va. Democratic Candidate Filmed Self Urinating in Snow, Posted to TikTok

Donald Trump's [infamous "pee tape"](#) might have been fake news, but one from a Democratic candidate for Virginia's House of Delegates isn't. Pro-abortion leftist Jessica Anderson uploaded to TikTok a video of herself urinating in the snow.

Yet the import of the unsurprising yet still repellent video isn't that Anderson, who's running in the [71st District](#), thought it might be a bright idea to do her private business in the great outdoors. Rather, Anderson is yet another example of the loons the Democrats put before the voters.

A few weeks ago, we learned that a Democratic candidate was a porn queen.

Last week, we learned that another was a satanist who wrote occult books for kids.

Now, we get a very real pee tape from a very crazy woman.

Democrats for Outdoor Bladder Relief

[Data show](#) that leftists, and particularly leftist women, report high rates of mental illness, a fact that fits political candidates who think micturating on video is a good campaign strategy.

The video depicts Anderson in winter running garb, with the now-customary nostril piercing, crazily peering into the camera.

Viewers can hear the rabid, pro-abortion Democrat voiding her bladder.

"Yeah, I'm peeing," she says. "Avoid yellow snow."

Returning to the data, a study from Pew Research in 2020 [showed that](#) 56.3 percent of women ages 18-29 reported being diagnosed with mental illness.

Anderson was in or near that cohort when, as she says at her website, "going through a difficult divorce" in 2014.

Her website: ["CrazyMotherRunner."](#)

The title fits:

Of course, [Anderson is](#) a pro-abortion fanatic who believes the law should permit abortions "through the 2nd trimester [of pregnancy] and that in the rare instance of a 3rd trimester abortion, healthcare providers must respond quickly and ethically."

Anderson also peddles the lie that forbidding abortion is forbidding "access to healthcare."

She faces incumbent GOP Delegate Amanda Batten, [who won](#) her last election handily with 52.5 percent of the vote. As well, Batten doesn't have the look of someone who belongs in a room at the Giggle Hotel.

Democrats for Satan

Yet the Democrats running in Virginia aren't just crazy. They're also demonic.

Running for the House from [District 90](#) is one Jeremy Rodden, recently revealed as a satanist who denies he is a satanist.

"In November 2022, Rodden posted a flier to his campaign Facebook page that said, "Hey kids! Let's have fun at After School Satan Club!" [Daily Wire revealed](#):

The flier said it is sponsored by the Satanic Temple and would take place at the B.M. Williams Primary School in Chesapeake.

Rodden wrote: "I can't wait to sign up my second grader for this after school club! Fellow BM Williams parents, let me know if you plan on signing up your kiddos and if you need any help with carpooling/transportation. Note for those who don't know: this club does not practice any religious indoctrination whatsoever, unlike some of the other clubs offered at this school and at schools throughout Chesapeake Public Schools."

After a [satanist murdered six co-workers](#) in a mass shooting at a Walmart five minutes away from that school, Rodden disavowed the group.

However, he can't disavow the demonic tales he has written, such as those included in the anthologies [Demonic Wildlife](#), [Demonic Carnival: First Ticket's Free](#), and [UnCommon Evil: A Collection of Nightmares, Demonic Creatures, and Unimaginable Horrors](#).

Reported Daily Wire:

Rodden's social media comments demonstrate not just a desire to ensure that various religions, or the right to practice no religion at all, are respected, but rather a deep and overriding disgust with Christianity.

"#FreedomOfReligion is #FreedomFromReligion," he wrote. He did not return a request for comment.

Strangely, Rodden attended [Holy Family University](#), a Catholic school in Philadelphia.

More strangely (or not), [Rodden's family photo](#) at his campaign webpage features him, his wife, and his children holding goats. [Baphomet](#), a pagan and occult symbol [adopted by satanists](#), is a goat.

Rodden might well win the election against opponent [Jay Leftwich](#). In 2021, the Democrat candidate, first elected in a special election, pulled 64.5 percent of the voted.

Democrats for Porn Queens

But public micturators and satanists aren't the only estimable candidates the Democratic Party offers on November 7's ballot.

In September, *The Washington Post* revealed that [Susanna Gibson](#), the candidate in [District 57](#), [live-streamed sex videos](#) with her husband on a website called Chaturbate.

“Gibson, 40, can be seen in the videos soliciting ‘tips’ for performing specific acts — in apparent violation of Chaturbate’s terms and conditions, which say: ‘Requesting or demanding specific acts for tips may result in a ban from the Platform for all parties involved,’” the *Post* reported. “In at least two videos, she tells viewers she is ‘raising money for a good cause.’”

What cause that might be remains a mystery, but that burning question aside, Gibson amusingly accused those who publicized the very public internet video of committing a sex crime.

“It won’t intimidate me and it won’t silence me. My political opponents and their Republican allies have proven they’re willing to commit a sex crime to attack me and my family because there’s no line they won’t cross to silence women when they speak up,” Gibson said.

Her attorney babbled about “revenge porn.”

Of course, [Gibson supports](#) the mass murder of the unborn under the rubric of “reproductive rights.” Her opponent is [David Owen](#), but, like Rodden, she is running in a strongly Democratic district. Two years ago, the Democratic candidate crushed the Republican, garnering 78 percent of the vote.

If all goes as expected, Democrats will send a satanist and a porn actress to the oldest democratically elected legislature in the Western Hemisphere.
