House Democrats in Colorado have been on a gun control free for all, treading down the God given rights of Coloradans. However, the Colorado House Dems have jumped the shark and passed a semi-automatic gun ban, so now they are facing opposition from a coalition of Colorado Senate Republicans and Democrats slowing their gun grab extravaganza.

I have said this before, but it bears repeating, the ATF is nothing more than a lawless political arm of the security state and the gun control lobby. They create rules to bankrupt free Americans who deign to live freely and within their God given rights to buy, sell, keep, and bear arms. The pistol brace rule is a prime example. We are going to give a brief update on the court battle.

And Special Delivery, our 2A For Today Modern Militiaman spotlight is on Cleveland Ohio where an Amazon delivery driver dropped a couple of young thugs and put an end to their crime spree. He packaged them up for delivery to the authorities. It's nice when companies take care of the shipping and handling. Especially when its some excellent gun handling.

You're watching 2A For Today, my name is Zoe.
