Agenda 2030: The Next “Great Leap Forward” - Behind the Deep State

In this episode of Behind the Deep State, host Alex Newman exposes the “environmental friendly” plan that is Agenda 2030. On the surface, it looks like an attempt to help preserve the planet, but to make it work, major radical changes are going to be required for it to work. Newman lists these changes, which would result in less money for the general public, more U.N. control, controlling means of production, as well as mass starvation.
