Marxist forces, including the Democratic Socialists of America, are rapidly expanding their influence across the United States—and Americans must understand the threat before it is too late, warned Constitutional Sheriffs and Peace Officers Association (CSPOA) founder Sheriff Richard Mack.

In fact, understanding the threat of communism is worthless unless Americans seek solutions to combat it, Mack explained on *Behind The Deep State* with *The New American's* senior editor, Alex Newman. Mack shares that local, constitutional sheriffs play a key role in safeguarding liberty and details solutions articulated in his new book, *The Democrat Murder Of America*.

Mack, who famously defeated the Clinton administration's gun-control schemes at the U.S. Supreme Court in a landmark case, argues that elected sheriffs can serve as a crucial line of defense against unconstitutional abuses and the accelerating Marxist takeover of America—only if Americans have the courage to act now.

Don't miss this explosive interview with one of America's most iconic law-enforcement figures on the growing socialist threat—and what Americans can do to fight back.
