The same forces behind Covid tyranny are getting ready to do it again, but humanity and the medical profession must resist, explains Global Health Project co-founder Dr. Kat Lindley in this interview with The New American magazine's Alex Newman. Whether it's monkeypox or bird flu or "disease X," Dr. Lindley is not concerned about the health side. Rather, she is concerned about efforts to control humanity and the escalating push to deploy endless mRNA products. Thankfully, there is a lot people can do to prepare and push back, from taking better care of their health to getting involved.
