Something big is happening this year. Everyone can feel it. From online chatter to in-person conversations, especially among the red-pilled, everyone — even a large segment of the normie population — believes that 2024 is going to be a wild year. Dennis Behreandt and Steve Bonta of *The New American* magazine discuss the events most likely to trigger widespread disorder in 2024.

Topics:

@ 5:25 | Maintaining the post-World War II order and preventing Putin from winning

@ 11:35 | We're obsessed with building the New World Order empire

@ 14:40 | War with China?

@ 24:15 | War with Iran?

@ 28:45 | Will U.S. election chicanery plunge us into disarray?

@ 38:40 | If Trump manages to win, will the military step in?
