A lawsuit settled last week is forcing the FDA to remove one of its most blatant propaganda campaigns, that against ivermectin's usefulness in treating Covid-19. The "You are not a horse, y'all" posts will have to come down. The plaintiffs who filed the lawsuit that made this happen were Drs. Mary Talley Bowden, Paul Marik, and Robert Apter. But this doesn't make up for the number of lives lost against effective, cheap off-label use.
