Wayne Allensworth, a CIA analyst for more than 30 years, has noted that “A subversive, anti-American ruling elite has replaced America’s old governing system and that this successor system treats America as an occupied zone of a global empire.” If we consider the U.S. government’s suicidal fiscal and border policies from this point of view, then they all make sense.

Also discussed in today’s episode:

@ 11:01 | Another spending bill has sailed through the House of Representatives and onto Biden’s desk, but this one made it with majority *Democrat* support, despite the Republican majority in the House.

@ 22:25 | Over the weekend, the Biden Regime announced the launch of the National Extreme Risk Protection Order Resource Center, another attempt to infringe on our Second Amendment rights.

@ 33:35 | Longtime *TNA* senior editor William F. Jasper discusses how severing ties with the UN may help with our border crisis.
