What happens if aspiring rulers fail to achieve totalitarian global control through the use of climate or virus scams? The next attack may come by way of water restrictions. In some parts of the U.S., state governments have already begun to restrict and control water. Today we discuss the weaponization of water that is already underway, and what globalists are saying about employing this tactic worldwide.

Other stories in today's show include:

@ 11:20 | Democrats have drafted legislation to allow illegal immigrants into the U.S. military;

@ 22:18 | Microsoft has partnered with the Chinese Communist Party to create propaganda;

@ 26:19 | A federal court in Iowa just dealt a blow to the anti-carbon-capture movement;

@ 34:10 | CEO of The John Birch Society discusses the European resistance to the green revolution.
