The radical Left has been working to undermine America at every level in an effort to bring it down and usher in utopia, and without action the effort may succeed, explained author and non-profit executive Michael Finch in this interview on Conversations That Matter with The New American magazine's Alex Newman. America and American culture are unique, and they are worth saving, he said.

Finch, who worked at the Heartland Institute, Claremont Institute, and the David Horowitz Freedom Center over his long career, said the denigration of America has succeeded in turning many young people against their nation. In his new book "A Time to Stand: The Dire Hour to Defend American Beauty," Finch outlines a battle plan for fighting back.
