

Red Pill Expo Delivers Blow to Deep State | Behind the Deep State

In this episode of Behind The Deep State, host Alex Newman summarizes the recent Red Pill Expo that took place on Jekyll Island, the birthplace of the Federal Reserve System. Starting off exposing the Fed, Alex goes through the list of speakers and their areas of expertise: vaccines, food shortages, COVID, autism, law enforcement, global currency, cashless society, technocracy, and more. Speakers included G. Edward Griffin, former U.S. Representative Cynthia McKinney, Montana Public Service Commissioner Randy Pinocci, vaccine expert Del Bigtree, Plandemic creator Mikki Willis, Oath Keepers founder Stewart Rhodes, Sheriff Richard Mack of the Constitutional Sheriffs and Peace Officers Association, Dr. Andrew Kaufman, and many more. It was the biggest Red Pill Expo yet, with thousands in total watching either in person or through livestream.
