Can future elections be secured? What can be done to secure them? In this episode of [Beyond the Cover](#), host Gary Benoit does a follow-up interview with senior editor Rebecca Terrell, who sheds much-needed light on these questions. Rebecca is the author of a two-article cover story package in the August 29, 2022 issue of The New American: “Fraud and Future Elections” and “Securing Future Elections.” In [last week’s episode of Beyond the Cover](#), she surveyed some of the evidence of the massive vote fraud that took place during the 2020 presidential election. In this week’s follow-up interview, she explains how election integrity can be restored.
