The massive increase in all-cause mortality including among young and healthy populations—and sports figures—is a national security crisis that must be urgently investigated as people continue dropping dead or becoming disabled, warned former BlackRock investment manager and number cruncher Ed Dowd in this interview on [Conversations That Matter](#) with The New American magazine’s Alex Newman. Dowd, who recently testified in a hearing organized by U.S. Senator Ron Johnson (R-Wis.), said the insurance data doesn’t lie. In his new book [“Cause Unknown: The Epidemic of Sudden Deaths in 2021 and 2022,”](#) the founding partner with Phinance Technologies highlights the numbers that should be extremely troubling to anyone coming from multiple sources.
