2024 was a wild year, and *The New American Daily*, a spinoff of the longest-running red-pilled magazine in existence, provided insightful analysis on the most important news of the year. This best of episode looks at the political and cultural reaction to Donald Trump's historic 2024 victory, makes a case for why the federal government has no business in law enforcement, brings attention to the demonic pedophilic trend in government-funded migrant centers, warns about a concerning developing strategy by anti-gun crusaders, and reminds viewers that DHS ran out of FEMA money after lavishing a pile of cash on illegals.
